1913 PICATINNY RAIL ACCUSHOT PICATINNY RAIL ADAPTER Safety Instructions

Introduction

Thank you for choosing the 1913 PICATINNY RAIL ACCUSHOT PICATINNY RAIL ADAPTER. This product is designed to enhance your shooting experience by providing a reliable attachment point for Atlas Bipods on Picatinny rails. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always check the product for any visible damage or wear before installation and use.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the product in ways that may cause injury to yourself or others.
- Report any unsafe product conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only install the rail on compatible Picatinny surfaces.
- Ensure that the rail is securely attached to the stock before use.
- Use the appropriate hardware (sling stud, spacer, or machine screws) for installation. Note that these are not included with the product.
- Do not exceed the recommended weight limit for the bipod and rail combination.
- Regularly inspect the rail and its attachments for signs of wear, loosening, or damage.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools: a sling stud, spacer, or machine screws (not included).
- Ensure the work area is clean and free from distractions.

2. Installation:

- Identify the location on your firearm where the rail will be installed.
- For the 3.35" rail, ensure that the hole pattern matches a centertocenter spacing of 1.76" to 2.78".
- For the 4" rail, ensure that the hole pattern matches a centertocenter spacing of 2.2" to 3.5".
- Align the rail with the chosen location and mark the drill holes if necessary.
- Secure the rail using the appropriate hardware:
 - If using a sling stud and spacer, attach them according to the manufacturer's instructions.
 - If using machine screws, ensure they are tightened to the manufacturer's specifications.

3. Usage:

- Once installed, attach the Atlas Bipod to the rail according to the bipod's instructions.
- Ensure that the bipod is securely locked in place before use.
- Regularly check the connection before each use to ensure safety.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and nonelectronic waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling materials where possible.

Contact Information for Further Support

For any inquiries regarding product safety, installation, or maintenance, please contact the manufacturer or refer to the product's official website for support resources.

Thank you for prioritizing safety while using the 1913 PICATINNY RAIL ACCUSHOT PICATINNY RAIL ADAPTER. Enjoy your shooting experience responsibly!
