# Safety Instruction Guide for STACKABLE STORAGE BINS SINCLAIR INTERNATIONAL STACKABLE BULLET BIN, LARGE RED

## Introduction

Thank you for choosing the STACKABLE STORAGE BINS from Sinclair International. These bins are designed to provide a safe and efficient solution for organizing reloading components such as bullets. This guide will provide important safety instructions, usage guidelines, and disposal information to ensure your safety and the longevity of the product.

## General Safety Guidelines

- Always use the storage bins in accordance with the manufacturer's instructions.
- Inspect bins regularly for any signs of damage. Do not use damaged bins.
- Keep the storage bins out of reach of children and vulnerable individuals.
- Ensure that the bins are used only for their intended purpose, which is for storing reloading components.
- Avoid overloading the bins to prevent tipping or collapse.
- Do not stack bins beyond the recommended height to maintain stability.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- When stacking bins, ensure that they interlock properly to prevent shifting.
- Use the front, back, and side grips to handle the bins safely.
- Avoid placing heavy items on top of the bins when they are stacked.
- Store bins in a cool, dry place away from direct sunlight to prevent material degradation.
- If using the bins in a workshop or garage, ensure the area is well lit and free from hazards.
- Keep the bins away from heat sources or open flames.

## Instructions for Installation and Usage

1. **Unpacking the Bins:** Carefully remove the bins from their packaging. Dispose of any packaging materials responsibly.
2. **Inspecting the Bins:** Before use, check for any cracks, deformities, or other damage. If any issues are found, do not use the bins.
3. **Stacking the Bins:**
  - Place the first bin on a stable, flat surface.
  - Align the second bin on top of the first, ensuring that the interlocking features engage properly.
  - Continue stacking as needed, but do not exceed the recommended height.
4. **Using the Bins:**
  - Load the bins with reloading components, ensuring that the weight is evenly distributed.
  - Use the grips provided for safe handling.
  - Always ensure that the bins are securely closed when not in use.
5. **Unstacking the Bins:**
  - Carefully lift the top bin straight up to disengage it from the one below.
  - Avoid pulling or jerking the bins to prevent accidents.
6. **Cleaning the Bins:** Wipe the bins with a damp cloth as needed. Do not use harsh chemicals that may damage the material.

## **Disposal Instructions**

- When the bins reach the end of their life cycle, dispose of them in accordance with local regulations.
- Recycle materials where possible to minimize environmental impact.
- Do not incinerate the bins as they may release harmful substances.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Thank you for following these safety instructions. By adhering to these guidelines, you can ensure a safe and effective experience with your STACKABLE STORAGE BINS.
