# Safety Instruction Guide for 1911 Replica Walnut Grips

## Introduction

Thank you for purchasing the 1911 Replica Walnut Grips by Herretts. This guide provides essential safety instructions and information to ensure the safe use and installation of your new grips. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the grips are compatible with your specific 1911 model (Government or Commander).
- Inspect the grips for any visible defects or damage before installation.
- Keep the grips out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding firearm accessories.

## Specific Safety Precautions for Use

- Do not use the grips if they show signs of wear or damage.
- Ensure that the firearm is unloaded before attempting to install the grips.
- Use appropriate tools and follow safe handling practices when installing the grips.
- Be aware of the potential hazards associated with firearm modifications.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the firearm is completely unloaded.
- Gather the necessary tools: screwdriver and any other required tools for grip installation.

### 2. Removing Old Grips

- Carefully remove the screws securing the old grips.
- Gently lift off the old grips from the firearm frame.

### 3. Installing New Grips

- Align the new walnut grips with the grip frame.
- Ensure the double diamond checkering is oriented correctly.
- Secure the grips by tightening the screws evenly.
- Do not overtighten, as this may damage the grips.

### 4. Final Checks

- Inspect the installation to ensure that the grips are firmly attached.
- Confirm that there are no obstructions or misalignments.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the grips are damaged beyond repair, follow local guidelines for the disposal of wood products.
