

AR-15 MOE+ GRIP - MAGPUL MOE+ GRIP POLYMER FOR AR15/M4 STEALTH GRAY

[Rifle Parts](#) > [Grip Parts](#) > [Pistol Grips](#)

Rubber-Coated Surface Provides Maximum Control In Adverse Environments

Same contours and hard-molded polymer construction as the original MOE Grip. Durable, economical, easy-to-install replacement for factory pistol grip that gives the shooter a solid, secure grasp. Rigid, fully supported one-piece construction from the same reinforced, high-impact polymer as the MIAD grip, with crackle texture on the sides and deep horizontal grooves on frontstrap and backstrap. Curved beavertail similar to the MIAD B2 insert fills the grip-to-receiver junction to help you maintain a comfortable hold and protect the web of your hand during sustained firing. The MOE+ Grip has the addition of an anti-slip overmolded rubber coating for enhanced weapon control in wet conditions or when hand is sweaty. A polymer cap storage secures small items inside the internal compartment, and the MOE+ accepts Magpul MIAD grip cores (sold separately).

Attributes

- Name: [MAGPUL MOE+ GRIP POLYMER FOR AR15/M4 STEALTH GRAY](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 100014441
- Mfr. No.: MAG416-GRY

Safety Instruction Guide for AR15 MOE+ Grip

Introduction

Thank you for choosing the AR15 MOE+ Grip by Magpul. This guide provides important safety information and instructions to ensure the safe use and installation of your new grip. Please read this guide carefully before using the product.

General Safety Guidelines

- Always ensure the firearm is unloaded before installing or handling the grip.
- Do not use the grip if it is damaged or shows signs of wear.
- Keep the grip and all firearm components out of reach of children.
- Regularly inspect the grip for cracks or defects.
- Ensure you are familiar with the operation of your firearm and how the grip affects handling.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- Ensure a proper fit to your AR15 or compatible firearm to avoid accidental dislodgement during use.
- Avoid using the grip in extreme temperatures, as it may affect material integrity.
- Do not apply excessive force when gripping, as it may lead to loss of control.
- Be aware that the antislip overmolded rubber coating may affect the grip in wet conditions. Always maintain a secure hold.
- If you experience any discomfort or difficulty in handling, discontinue use immediately.

Instructions for Installation and Usage

Installation Instructions

1. **Prepare Your Workspace:** Ensure you are in a clean and safe environment.
2. **Unload Your Firearm:** Confirm that your AR15 is completely unloaded.
3. **Remove the Existing Grip:** Use the provided mounting hardware to remove the factory pistol grip.
4. **Align the MOE+ Grip:** Position the MOE+ Grip onto the lower receiver, ensuring it fits snugly.
5. **Secure the Grip:** Use the included screws to fasten the grip to the firearm. Ensure it is tightly secured without overtightening.
6. **Check Functionality:** Once installed, check that the grip is stable and does not move.

Usage Instructions

- When using the grip, ensure your hand is positioned correctly for optimal control.
- Maintain a firm grip while aiming and firing to enhance stability.
- Utilize the polymer cap storage for small items, ensuring it is closed securely.

Disposal Instructions

- Dispose of the grip in accordance with local regulations for plastic materials.
- Do not incinerate the grip, as it may release harmful substances.
- If the grip is damaged beyond repair, contact your local waste management service for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the AR15 MOE+ Grip, please refer to the manufacturer's website or

customer support resources.

By following these safety instructions, you can ensure a safe and effective experience with your AR15 MOE+ Grip. Always prioritize safety and responsibility when handling firearms and their accessories.
