

LASER BORESIGHTER - SIGHTMARK 300 AAC BLACKOUT BORESIGHTER

[Gunsmith Tools & Supplies](#) > [Sight & Scope Installation Tools](#) > [Laser Boresighters](#)

Chamber-Mounted Laser Helps You Sight In Rifle Or Pistol Without Firing A Shot

Easy-to-use, self-contained boresighting system fits in the chamber of your rifle or pistol and projects a powerful red laser beam aligned with the bore axis for sighting to the point-of-aim without firing a shot. Works with scopes, holographic red dot sights, and "iron" sights. Durable, machined brass housing looks like a cartridge case but actually contains the entire laser system and batteries. Insert the batteries and screw the cap on the housing to turn on the laser; remove the batteries to turn off. Insert the entire assembly into the chamber, gently close the action, and aim at a target 20-30 yards away. Adjust windage and elevation of the scope or sights so point-of-aim is zeroed on the dot, compensating for sight offset to prevent gun from shooting high. Go to the range for test shots and final sight adjustments. Store boresighter in the included nylon carrying case that fits easily in a pocket, tool kit, or range bag. Available in a variety of calibers, listed below.

Attributes

- Name: [SIGHTMARK 300 AAC BLACKOUT BORESIGHTER](#)
- Manufacturer: [SIGHTMARK](#)
- Product no.: 100014688
- Mfr. No.: SM39043

Safety Instruction Guide for LASER BORESIGHTER SIGHTMARK 300 AAC BLACKOUT BORESIGHTER

Introduction

Thank you for choosing the LASER BORESIGHTER SIGHTMARK 300 AAC BLACKOUT BORESIGHTER. This guide provides essential safety instructions and usage guidelines to ensure your safety and the effective operation of your boresighter. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure safe use of the boresighter by following all instructions provided in this guide.
- Be aware of the potential risks associated with laser devices, including eye exposure.
- Always keep the boresighter out of reach of children and vulnerable individuals.
- Report any unsafe product conditions or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- **Laser Safety:**
 - Avoid direct eye exposure to the laser beam.
 - Do not aim the laser at anyone or at reflective surfaces.
- **Proper Handling:**
 - Always treat the boresighter as if it is a loaded firearm.
 - Do not remove the boresighter from the chamber while aiming at a target.
- **Battery Safety:**
 - Use only the specified AG5 button cell batteries.
 - Ensure batteries are installed correctly to avoid leakage or damage.
 - Remove batteries when the boresighter is not in use for an extended period.
- **Storage:**
 - Store the boresighter in the included nylon carrying case when not in use.
 - Keep the product in a cool, dry place away from direct sunlight.

Instructions for Installation and Usage

1. Insert Batteries:

- Open the cap on the boresighter housing.
- Insert the two AG5 button cell batteries, ensuring correct polarity.
- Securely screw the cap back on to turn on the laser.

2. Boresighting Procedure:

- Insert the entire boresighter assembly into the chamber of your rifle or pistol.
- Gently close the action of the firearm.
- Aim the boresighter at a target located 2030 yards away.
- Adjust the windage and elevation of your scope or sights until the point of aim aligns with the laser dot.

3. Final Adjustments:

- Go to the range to perform test shots.
- Make any final sight adjustments to ensure accuracy.

4. Turning Off the Laser:

- To turn off the laser, remove the batteries from the housing.

Disposal Instructions

- Dispose of the boresighter and batteries in accordance with local regulations for electronic waste.
- Do not dispose of batteries in household waste. Follow proper recycling protocols for batteries.

Contact Information for Further Support

For any inquiries regarding the safety and use of the LASER BORESIGHTER SIGHTMARK 300 AAC BLACKOUT BORESIGHTER, please refer to your local distributor or retailer for assistance.

Thank you for your attention to these safety guidelines. Your safety is our priority.
