

# TAVOR SUPER SABRA TRIGGER - GEISSELE AUTOMATICS SUPER SABRA 2-STAGE TRIGGER PACK FOR IW TAVOR SAR & X95

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

## Enhances Trigger Control For Precise Long-Range Targeting

Drop-in replacement trigger gives your Tavor an upgraded, two-stage trigger pull that gives you smoother, more precise trigger control. Two-stage configuration allows the Super Sabra to be light and controllable enough for accurate distance shots, but forgiving enough for CQB. The first stage is user-adjustable, so you can tune the first/second stage weight distribution without compromising the total pull weight. First stage can be adjusted to 3.5-5.5 lbs.; second stage is fixed at 2 lbs. Total pull weight can be adjusted from 5.5 to 7.5 lbs. The Super Sabra trigger pack is contained in an aluminum housing for easy installation, while keeping the tool steel internal components held in correct alignment. Nitride process finish on internal parts gives superb abrasion resistance. Lightning Bow® replaces the factory trigger shoe works with the Super Sabra to produce a truly two-stage trigger pull with a match-grade feel. A setscrew lets you remove the slack common to the Tavor factory trigger mechanism, producing a feel very similar to that of the M4 Carbine.

NOTE: This is a Generation 2 trigger pack that is fully compatible all IWI Tavor Rifles.

## Attributes

# TAVOR SUPER SABRA TRIGGER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the TAVOR SUPER SABRA TRIGGER by Geissele Automatics. This guide provides essential safety instructions to ensure the safe and effective use of your new trigger pack. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Always point the firearm in a safe direction.
- Store firearms and ammunition securely and out of reach of children.
- Regularly inspect your firearm and its components for wear or damage.
- Follow all manufacturer instructions and guidelines for use and maintenance.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay updated on recall information through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or adjusting the trigger pack.
- Do not attempt to modify the trigger pack beyond the specified adjustments outlined in this manual.
- Be aware of the adjustable first stage weight; ensure it is set to a level you are comfortable with before use.
- Use appropriate hearing and eye protection when operating your firearm.
- The Super Sabra trigger is designed for semiautomatic firearms; do not use it with fully automatic firearms.
- Keep the trigger pack and its components clean and free of debris to ensure proper function.
- If you experience any malfunction or irregular behavior, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

1. Ensure the firearm is completely unloaded.
2. Remove the existing trigger mechanism from your Tavor SAR or X95 according to the manufacturer's instructions.
3. Carefully insert the Super Sabra trigger pack into the trigger housing.
4. Align the internal components correctly to ensure proper function.
5. Secure the trigger pack in place according to the manufacturer's guidelines.
6. Adjust the first stage weight to your preference (3.55.5 lbs.) using the adjustment screw.
7. Ensure the second stage weight is fixed at 2 lbs.

### Usage

- Familiarize yourself with the twostage trigger pull mechanism before live firing.
- Practice dry firing in a safe environment to understand the trigger's feel and operation.
- When ready to fire, ensure that your firearm is pointed in a safe direction.
- Apply steady pressure on the trigger to engage the first stage, then increase pressure to reach the second stage and fire.
- After use, clean your trigger pack and firearm to maintain optimal performance.

## **Disposal Instructions**

- Dispose of the trigger pack and any damaged components in accordance with local regulations.
- Do not throw away in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the TAVOR SUPER SABRA TRIGGER, please refer to the manufacturer's website or customer support resources. Ensure you have your product information ready for any inquiries.

Thank you for following these safety instructions. Enjoy your enhanced shooting experience with the TAVOR SUPER SABRA TRIGGER.
