

FN SCAR CHARGING HANDLE - KINETIC DEVELOPMENT GROUP

SCAR AMBIDEXTROUS CHARGING HANDLE, BLACK

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

The Scarging handle fits both 5.56 and 7.62 NATO versions of the SCAR, and installs in seconds. The radius-faced design, and swept geometry of the Scarging Handle allows the user to achieve a more solid grasp when manipulating the bolt. This allows for easier charging, clearing of stoppages, and administratively locking the firearm bolt to the rear. The shooter can choose between left or right side installation to match their hand dominance, and can rotate the Scarging Handle to either downward or upward sweep. The downward sweep protects the hand from “busted knuckles” due to optics mounts by keeping it down and away from the weapon’s top. This also has the added benefit of additional leverage gained, and increased grasping surface for larger hands or when wearing gloves. The Scarging handle can alternatively be installed with the curve upward, which provides the user a slick side receiver to prevent snagging or “SCAR Thumb” (i.e. having the reciprocating charging handle strike your hand when using a magwell hold or unconventional shooting method). All Scarging Handles are constructed of low carbon 1080 steel, and finished with a durable black, mil-spec finish. The accessory protrudes less distance from the receiver than the factory unit, and is profiled to be snag-resistant when wearing body armor or other gear.

Attributes

- Name: [KINETIC DEVELOPMENT GROUP SCAR AMBIDEXTROUS CHARGING HANDLE, BLACK](#)
- Manufacturer: [KINETIC DEVELOPMENT GROUP](#)
- Product no.: 100019371
- Mfr. No.: SCP5-020
- Finish: Black
- Hand: Ambidextrous
- Model: SCAR 16, SCAR 17
- Weapon type: FN
- Delivery weight: 0.032kg
- Shipping height: 28mm
- Shipping width: 76mm
- Shipping length: 104mm
- UPC: 851064007005

FN SCAR Charging Handle Safety Instruction Guide

Introduction

Thank you for choosing the FN SCAR Charging Handle by Kinetic Development Group. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your charging handle. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with your firearm and its operation before installing or using the charging handle.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep the charging handle and all firearm components out of reach of children and unauthorized users.
- Inspect the charging handle for any signs of damage or wear before each use. Do not use if damaged.
- Follow all local, state, and national laws regarding the use of firearms and firearm accessories.

Specific Safety Precautions for Use

- Use the charging handle only with compatible SCAR models (5.56 and 7.62 NATO).
- Always ensure the firearm is pointed in a safe direction when installing or manipulating the charging handle.
- When using the charging handle, maintain a proper grip to avoid injury, especially when wearing gloves.
- Be aware of your hand positioning to prevent “busted knuckles” during operation, especially when using optics mounts.
- If you experience any malfunctions or issues while using the charging handle, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Choose the desired side for installation (left or right) based on your hand dominance.
- Align the charging handle with the receiver and insert it into the charging handle slot.
- Rotate the handle to achieve either a downward or upward sweep based on your preference.
- Ensure the charging handle is securely in place before use.

2. Usage:

- To charge the firearm, grasp the charging handle firmly and pull it back to the rear.
- Release the handle to allow it to return to its original position.
- If clearing stoppages, follow standard procedures for your firearm model while ensuring safe handling.
- For administrative locking of the bolt to the rear, pull the handle back and engage the bolt catch as per your firearm's specifications.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations regarding metal waste.
- If the product is damaged beyond repair, ensure that it is rendered unusable before disposal to prevent accidental use.

Contact Information for Further Support

For any safety inquiries or additional support regarding the FN SCAR Charging Handle, please refer to the official Kinetic Development Group website or contact your local firearms dealer.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your FN SCAR Charging Handle. Always prioritize safety and responsible handling of your firearm and its accessories. Thank you for your attention to these important guidelines.
