## TSR-W SUPER LOW ALUMINUM RINGS 34MM

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

TSR-W SL (Super-Low) Series Rings. Providing an extremely low mounting solution for those special applications. Precisely machined with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Weaver-style or Mil-STD 1913 (Picatinny) bases. Height measured from top of base to center of ring.

### Attributes

- Name: [TPS PRODUCTS TSR-W SUPER LOW ALUMINUM RINGS 34MM](#)
- Manufacturer: [TPS PRODUCTS](#)
- Product no.: 100020405
- Mfr. No.: 33695
- Height: .950"
- Material: Aluminum
- Scope Tube Diameter: 34mm
- Size: Super Low
- Style: -
- Delivery weight: 0.15kg
- Shipping height: 64mm
- Shipping width: 64mm
- Shipping length: 95mm
- UPC: 071611336956

# TSRW SUPER LOW PICATINNY/WEAVER RINGS

## Safety Instruction Guide

### Introduction

Thank you for choosing the TSRW SUPER LOW PICATINNY/WEAVER RINGS by TPS PRODUCTS. This guide provides essential safety instructions to ensure the safe and effective use of your scope rings. Please read this document carefully before installation and usage.

### General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a mounting solution for scopes.
- Always inspect the product for any visible damage or defects before use.
- Do not exceed the manufacturer's specified torque settings when installing the rings.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents and injuries.
- Always follow the manufacturer's instructions for installation and usage to avoid potential hazards.

### Specific Safety Precautions for Use

- Before mounting your scope, ensure that the rifle is unloaded and pointed in a safe direction.
- Check that the scope rings are compatible with your scope and rifle specifications.
- Avoid overtightening the screws, which may damage the scope or the rings.
- Regularly check the tightness of the screws during use to ensure secure mounting.
- Do not modify the product in any way, as this may compromise safety and performance.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools, including a torque wrench for accurate tightening.
- Ensure the rifle is on a stable surface and that it is unloaded.

#### 2. Mounting the Rings:

- Place the rings on the Picatinny or Weaver base, ensuring they are aligned with the rail.
- Position the scope within the rings and adjust it to your desired eye relief.
- With the scope properly positioned, tighten the left side of the ring cap first.
- Then, tighten the right side of the ring cap while ensuring the scope remains aligned.

#### 3. Final Checks:

- After installation, check that the scope is securely held in place and does not rotate.
- Perform a visual inspection to ensure that all screws are tightened to the manufacturer's specifications.

#### 4. Usage:

- Regularly inspect the scope and rings for any signs of wear or damage during use.
- If any issues are detected, discontinue use immediately and consult a professional.

### Disposal Instructions

- Dispose of the product in accordance with local regulations for aluminum materials.

- Do not dispose of the product in household waste. Instead, consider recycling options available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product performance, please contact the manufacturer directly through the provided EUbased contact point.

Please ensure that you follow these guidelines closely to promote safe use of your TSRW SUPER LOW PICATINNY/WEAVER RINGS. Thank you for your attention to safety!
