

TSR-W SUPER LOW PICATINNY/WEAVER RINGS - TPS PRODUCTS

TSR-W SUPER LOW ALUMINUM RINGS 35MM

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

TSR-W SL (Super-Low) Series Rings. Providing an extremely low mounting solution for those special applications. Precisely machined with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Weaver-style or Mil-STD 1913 (Picatinny) bases. Height measured from top of base to center of ring.

Attributes

TSRW SUPER LOW PICATINNY/WEAVER RINGS

Safety Instruction Guide

Introduction

Thank you for choosing the TSRW SUPER LOW PICATINNY/WEAVER RINGS by TPS PRODUCTS. This guide provides essential safety information and instructions to ensure the safe and effective use of your scope rings. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that the product is suitable for your specific application and firearm.
- Always follow the manufacturer's instructions for installation and usage.
- Regularly inspect the rings for any signs of wear or damage.
- Store the product in a dry and safe place, away from extreme temperatures and moisture.
- Do not attempt to modify or alter the product in any way.
- Use appropriate tools when installing the rings to avoid damage.
- Keep the product out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure the firearm is unloaded before installing the scope rings.
- **Torque Specifications:** Follow the manufacturer's torque specifications to avoid overtightening, which can damage the rings or the firearm.
- **Scope Alignment:** Make sure the scope is properly aligned before tightening the cap screws to prevent rotation.
- **Recoil Considerations:** The rings are designed to hold the scope securely against recoil; however, regular checks are advised to ensure stability.
- **Compatibility:** Confirm that the rings are compatible with your scope and firearm model.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools: a torque wrench and appropriate screwdrivers.
- Ensure the firearm is unloaded and in a safe environment.

2. Installation:

- Place the base of the rings on the Picatinny or Weaver rail.
- Align the rings with the desired mounting position.
- Insert the screws through the clampnut and into the base.
- Use a torque wrench to tighten the screws according to the manufacturer's specifications.

3. Scope Mounting:

- Place the scope in the rings.
- Adjust the scope to the desired position.
- Tighten the left side of the cap screws first, then the right side, ensuring the reticle remains aligned.

4. Final Check:

- Inspect the installation to ensure everything is secure.
- Confirm that the scope is level and properly aligned.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For safety inquiries, product support, or to report unsafe products, please consult the relevant EU authorities or your local safety contact.

By following these guidelines, you can ensure a safe and effective experience with your TSRW SUPER LOW PICATINNY/WEAVER RINGS. Thank you for your attention to these important safety measures.
