[Home](#)

The minimalist design and near-vertical carry angle make the Yaqui Slide very fast to draw from, while securing the firearm during everyday activity. The belt channel on most Yaquis has a circular cut-out for placement on the pant loop to prevent shifting of the holster. The open-muzzle Yaqui design is a favorite of those who own multiple barrel lengths of the same gun model. Constructed of premium saddle leather, the Yaqui Slide fits belts up to 1 3/4".
