Safety Instruction Guide for S&W M&P Shield Threaded Barrel

Introduction

Thank you for purchasing the SilencerCo S&W M&P Shield threaded replacement barrel. This product is designed to enhance your shooting experience by allowing you to install a sound suppressor on your S&W M&P Shield pistol. This guide provides important safety instructions and guidelines to ensure safe and effective use of your new barrel.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the barrel and firearm out of reach of children and unauthorized users.
- Use appropriate hearing protection when firing, even when using a suppressor.
- Ensure that the suppressor is compatible with the barrel and the ammunition used.
- Regularly inspect the barrel for any signs of wear or damage.
- Follow all local laws and regulations regarding the use of suppressors and firearms.

Specific Safety Precautions for Use

- The S&W M&P Shield threaded barrel is designed for 9mm ammunition only.
- Ensure that the firearm is unloaded before installing or removing the barrel.
- Only use subsonic ammunition with the suppressor to achieve optimal noise reduction.
- Do not exceed the recommended number of rounds as specified by the manufacturer.
- Avoid using the firearm in environments where the use of suppressors is prohibited.
- If you notice any unusual sounds or malfunctions while using the firearm, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation of the Barrel:

- Ensure the firearm is pointed in a safe direction and is unloaded.
- Remove the existing barrel from the S&W M&P Shield according to the manufacturer's instructions.
- Carefully insert the SilencerCo threaded barrel into the slide, ensuring it fits snugly.
- Secure the barrel in place, ensuring it is properly aligned.

2. Installation of the Suppressor:

- Before attaching the suppressor, ensure it is clean and free of obstructions.
- Screw the suppressor onto the muzzle threads ($\frac{1}{2}$ "28) of the threaded barrel.
- Ensure the suppressor is tightened securely, but do not overtighten.

3. Usage:

- Load the firearm with the appropriate 9mm subsonic ammunition.
- Always check that the suppressor is properly attached before firing.
- Fire the firearm in a safe and controlled environment, following all standard safety protocols.

4. PostUse:

- After use, clean the barrel and suppressor according to the manufacturer's guidelines.
- Store the barrel and suppressor in a secure location away from children and unauthorized users.

Disposal Instructions

- Dispose of the barrel and any associated components in accordance with local regulations.
- Do not dispose of the barrel or suppressor in regular household waste.
- Contact local authorities or waste management facilities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's website or customer service contact details.

By following these guidelines, you can ensure the safe and effective use of your SilencerCo S&W M&P Shield threaded barrel. Always prioritize safety and remain informed about best practices for firearm use.
