# SIG P320 Threaded Barrel Safety Instructions

## Introduction

Thank you for choosing the SIG P320 Threaded Barrel 9MM by SilencerCo. This product is designed to enhance your shooting experience by allowing the installation of a sound suppressor. It is essential to follow the safety guidelines outlined in this document to ensure safe and effective use of the barrel.

## General Safety Guidelines

- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Store firearms and ammunition in a secure location, out of reach of children and unauthorized users.
- Ensure that you are familiar with the operation of your SIG P320 and the threaded barrel before use.
- Always wear appropriate eye and ear protection when shooting.
- Do not use this product in a manner inconsistent with its intended purpose.
- Be aware of your surroundings and ensure that you have a clear and safe shooting area.
- Regularly inspect your firearm and the threaded barrel for any signs of damage or wear.

## Specific Safety Precautions for Use

- **Installation:**
  - Ensure that the firearm is unloaded before attempting to install the threaded barrel.
  - Follow the manufacturer's instructions for installation to prevent damage to the firearm or barrel.
- **Thread Protector:**
  - Always use the provided thread protector when the suppressor is not installed to prevent damage to the threads.
- **Shooting:**
  - Only use ammunition that is compatible with the SIG P320 and the threaded barrel.
  - Ensure that the suppressor is properly attached before shooting.
- **Maintenance:**
  - Regularly clean the barrel and inspect it for any obstructions or damage.
  - Do not attempt to modify the barrel or suppressor in any way.
- **Children and Vulnerable Groups:**
  - Keep this product out of reach of children and ensure that it is used only by responsible adults.

## Instructions for Installation and Usage

### 1. Installation of the Threaded Barrel:

- Ensure the firearm is pointed in a safe direction.
- Verify that the firearm is unloaded.
- Remove the factory barrel from the SIG P320 following the manufacturer's instructions.
- Carefully install the SilencerCo SIG P320 Threaded Barrel by aligning it with the slide and pushing it into place until it is fully seated.
- Ensure that the barrel is securely locked in position.

## **2. Using the Threaded Barrel:**

- Attach the suppressor according to the manufacturer's instructions.
- Always ensure that the suppressor is securely fastened before firing.
- Use the firearm in a safe environment, following all local laws and regulations regarding suppressor use.

## **3. PostUse Maintenance:**

- After shooting, clean the barrel and suppressor according to the manufacturer's recommendations.
- Inspect the barrel for any signs of wear or damage before each use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding firearms and firearm accessories.
- Do not dispose of the product in regular household waste.
- Contact local authorities for information on proper disposal methods for firearms and accessories.

## **Contact Information for Further Support**

For safety inquiries or concerns regarding the SIG P320 Threaded Barrel, please refer to the manufacturer's website or contact your local dealer for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable experience with your SIG P320 Threaded Barrel. Remember to always prioritize safety and comply with all relevant laws and regulations. Thank you for your attention to these important guidelines.
