

DELUXE 3-DIE SETS - REDDING 6MM DASHER 3 DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Deluxe Die Sets include the full length sizing die, standard seating die and the neck sizing die. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Guaranteed to produce ammunition that will properly fit any standard (SAAMI) chamber. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging, they come in a handy die box with a spare decapping pin, hex wrench and a place for your shellholder (sold separately).

Safety Instruction Guide for DELUXE 3DIE SETS

REDDING 6MM DASHER 3 DIE SET

Introduction

Thank you for choosing the Redding Deluxe 3Die Sets for your reloading needs. This guide provides important safety information and instructions to ensure the safe and effective use of your die set. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the die set is used only for its intended purpose: reloading ammunition for the 6 mm Dasher cartridge.
- Keep the die set out of reach of children and unauthorized users.
- Always wear appropriate safety gear, including safety glasses, when reloading ammunition.
- Be aware of your surroundings and ensure that you are in a safe environment when using the die set.
- Regularly inspect the die set for any signs of wear or damage before use.
- Store the die set in a secure location when not in use.

Specific Safety Precautions for Use

- Use the die set only with compatible reloading equipment and components.
- Follow the manufacturer's instructions for setup and operation.
- Avoid using excessive force when operating the dies to prevent damage or injury.
- Do not attempt to modify or alter the die set in any way.
- If you notice any unusual sounds or resistance while using the dies, stop immediately and inspect the equipment.
- Ensure that the area is wellventilated to avoid inhaling any potentially harmful dust or fumes generated during reloading.

Instructions for Installation and Usage

1. Setup:

- Carefully unpack the die set and inspect for any damage.
- Place the full length sizing die in your reloading press according to the manufacturer's instructions.
- Install the neck sizing die in the same manner.
- Place the standard seating die in the press last.

2. Reloading Process:

- Start by resizing the brass cases using the full length sizing die.
- Follow this by using the neck sizing die for further precision.
- Finally, use the standard seating die to seat the bullets properly.

3. Maintenance:

- Clean the dies regularly to remove any debris or residue.
- Store the dies in the provided die box to protect them from damage.
- Check and replace the spare decapping pin as needed.

Disposal Instructions

- Dispose of any damaged or worn parts of the die set in accordance with local regulations.
- Do not throw the dies in regular household waste. Instead, check with local recycling programs for proper disposal methods.
- Ensure that any ammunition components are disposed of safely and in compliance with applicable laws.

Contact Information for Further Support

For any questions or concerns regarding the Redding Deluxe 3Die Sets, please refer to the manufacturer's website or contact their customer service for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Redding Deluxe 3Die Sets. Always prioritize safety and adhere to the guidelines provided in this document. Thank you for your attention to these important safety measures.
