

5700 ELITE METER WITH APPLIED BALLISTICS & LINK - KESTREL

5700 ELITE WITH APPLIED BALLISTICS & LINK, ORANGE

[Shooting Accessories](#) > [Windmeters & Flags](#) > [Windmeters](#)

A Whole Lot of Ballistic Computing Power - in the Palm of Your Hand

Kestrel's 5700 Elite Weather Meter with Applied Ballistics software is an upgrade of Kestrel's path-breaking but now-discontinued 4500 meter optimized specifically for the needs of long-range target shooters. The 5700 Elite measures up to 15 environmental parameters and lets you select either G1 or G7 ballistic coefficients (BC) when calculating bullet trajectory. It fits in the palm of your hand, yet offers the "Litz" (as in, noted ballistician Bryan Litz) measured BC library of over 225 bullets - the most extensive source of measured data for modern small arms bullets. Using its ballistics calibration feature, you can "train" your Kestrel 5700 Elite weather meter's Applied Ballistics software to match a specific rifle based on observed long-range impacts. The result is an even more accurate set data points you can rely on in future calculations. With such easy access to highly accurate BC data, you've got everything you need to make a pin-point precise trajectory calculation - in a hand-held wind meter. More of the Kestrel 5700 Elite's many features: Bluetooth LiNK to your Android or iOS smartphone Easy-to-use, intuitive user-interface screen navigation Improved screen resolution over earlier models - easier to see in varying light Screen switchable between white & red (NV - night vision) backlight Runs on one (1) AA battery Sealed battery compartment, so a battery leak will not fry your Kestrel's motherboard Multiple languages: English, French, German & Spanish Reinforced molded hard polymer shell & scratch/breakage-resistant viewing window Wait - it gets better! The Kestrel 5700 Elite Weather Meter comes with integrated Bluetooth technology, so both your real-time environmental and logged data can be transferred wirelessly and automatically to your smartphone, Mac, or PC. Yes, it's Android AND iPhone compatible, so whatever phone OS has your allegiance, the 5700 is ready to play nice with it. It will also connect via LiNK to a Bushnell CONX Rangefinder, enabling you to view results from the AB Kestrel right on your rangefinder. If you want to squeeze every last drop of performance from your rifle and your ammo, make sure you have a Kestrel 5700 Elite with Applied Ballistics software with you the next time you hit the range.

Kestrel 5700 Elite Weather Meter Safety Instructions

Introduction

Thank you for choosing the Kestrel 5700 Elite Weather Meter with Applied Ballistics and Link. This product is designed for longrange target shooters and offers advanced features to enhance your shooting experience. To ensure safe and effective use of this device, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** The Kestrel 5700 Elite is designed to meet safety standards for nonfood products. Always ensure the device is used according to the guidelines provided.
- **Enhanced Recalls:** In the event of a product recall, you will be notified through standardized recall notices. Ensure you have access to the latest information regarding product safety.
- **Online Shopping:** If purchased online, the Kestrel 5700 Elite is subject to the same safety protections as those bought in physical stores. Ensure your online retailer meets safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors to prevent accidents.
- **EU Contact Point:** For safety inquiries, ensure you have access to an EUbased contact for further assistance.
- **Rapid Alerts:** Stay informed about potential safety issues by checking updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Environmental Conditions:** Avoid using the Kestrel 5700 Elite in extreme weather conditions that may impair its functionality, such as heavy rain or extreme heat.
- **Battery Safety:** Use only one (1) AA battery as specified. Ensure the battery compartment is sealed to prevent leaks that could damage the device.
- **Handling:** Handle the device with care to avoid dropping or damaging it. The reinforced molded hard polymer shell offers some protection, but it is not indestructible.
- **Screen Use:** The device features a switchable screen backlight. Use the white or red light as needed, but avoid staring directly at the light for prolonged periods.
- **Bluetooth Connectivity:** When using Bluetooth features, ensure you are aware of your surroundings and maintain a safe distance from distractions.

Instructions for Installation and Usage

- **Initial Setup:**
 - Insert one (1) AA battery into the sealed battery compartment.
 - Power on the device by pressing the designated button.
- **Navigating the User Interface:**
 - Use the intuitive screen navigation to access features.
 - Refer to the user manual for detailed instructions on accessing specific settings.
- **Using the Ballistics Feature:**
 - Select either G1 or G7 ballistic coefficients as needed for your calculations.
 - Use the ballistics calibration feature to match the device to your specific rifle and ammunition.

- **Bluetooth Connection:**

- Pair the Kestrel 5700 Elite with your Android or iOS smartphone for data transfer.
- Follow the onscreen instructions for a successful connection.

- **Data Logging:**

- Utilize the device's logging feature to keep track of environmental conditions and ballistic data.
- Regularly review and transfer logged data to your smartphone, Mac, or PC.

Disposal Instructions

- **Battery Disposal:** Dispose of used batteries in accordance with local regulations. Do not throw batteries in regular household waste.
- **Device Disposal:** When the Kestrel 5700 Elite reaches the end of its life, dispose of it in an environmentally friendly manner. Check local electronic waste disposal guidelines for proper procedures.

Contact Information for Further Support

For further assistance with your Kestrel 5700 Elite Weather Meter, please refer to the manufacturer's website or consult your retailer for support options.

By following these safety instructions, you can ensure the safe and effective use of your Kestrel 5700 Elite Weather Meter. Enjoy your shooting experience with confidence!
