## Secure Your Surefire Scout Light

A scout light mounted on a defensive carbine is one of the most critical elements in a defensive or offensive AR-style rifle. To confidently activate these lights, a secure attachment system must be mounted. The Cloud Defensive Surefire ST07 Light Control System is purpose-built to provide that confidence. The Cloud Defensive Surefire ST07 Light Control System is a unique, patent-pending design that's built for use with the same tape switch that ships with Surefire Scout weaponlights. The ambidextrous mounting surface attaches to a handguard securely and provides plenty of room to squirrel away excess cable. Does Not Include Remote Switch Length: 2.5 inches Height: 0.303 inch Width: 1.19 inches Weight: 1 ounce Durability is ensured, since the Cloud Defensive Surefire ST07 Light Control System mount is machined entirely from 6061 aluminum and is finished with a hard-anodized treatment that meets military specifications.

## Attributes

- Name: [CLOUD DEFENSIVE LIGHT CONTROL SYSTEM SUREFIRE ST07 PICATINNY FDE](#)
- Manufacturer: [CLOUD DEFENSIVE](#)
- Product no.: 100029376
- Mfr. No.: LCSMK1A FDE
- Colour: Flat Dark Earth
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 102mm
- Shipping length: 175mm
- UPC: 850016201065

# LIGHT CONTROL SYSTEM SUREFIRE ST07 Safety Instruction Guide

## Introduction

Thank you for choosing the Cloud Defensive Surefire ST07 Light Control System. This guide provides essential safety instructions to ensure the safe use and installation of your new product. Please read this guide carefully before using the device.

## General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure the product is suitable for your specific firearm and accessories.
- Check for any visible damage before installation. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure the mount is securely attached to the handguard before use.
- Avoid excessive force when installing or removing the light control system.
- Do not expose the product to extreme temperatures or harsh environmental conditions.
- If using in lowlight or tactical situations, ensure you are familiar with the operation of the light control system.
- Do not attempt to disassemble or modify the product in any way.

## Instructions for Installation and Usage

### 1. Installation

- Select a suitable location on your firearm's handguard for mounting.
- Clean the mounting surface to ensure a secure attachment.
- Align the ambidextrous mounting surface of the Cloud Defensive Surefire ST07 with the chosen location.
- Securely fasten the mount using the appropriate screws (not included) to ensure stability.
- Ensure that the excess cable can be neatly stored without obstruction.

### 2. Usage

- To activate the light, use the tape switch that comes with the Surefire Scout weaponlight.
- Practice operating the light control system in a safe environment before use in the field.
- Always ensure the light is turned off when not in use to conserve battery life and avoid accidental activation.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste.
- Do not dispose of the product with regular household waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

## **Contact Information for Further Support**
