

R.E.A.L. BULLET & COMBO MOLDS - LEE PRECISION 58 CALIBER 440GR REAL MOLD 0.577 - 0.592

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Muzzleloading Moulds](#)

The Lee Combo moulds cast one REAL bullet and one round ball bullet. The REAL bullet features driving bands that are large enough to adequately engage the rifling when pushed in to the muzzle, yet thin enough to withstand maximum charges without stripping or gas cutting.

Attributes

R.E.A.L. BULLET & COMBO MOLDS LEE PRECISION 58 CALIBER 440GR REAL MOLD 0.577 0.592 Safety Instruction Guide

Introduction

Thank you for choosing the R.E.A.L. BULLET & COMBO MOLDS by Lee Precision. This guide provides essential safety information to ensure the safe use of your product. Please read and follow these instructions carefully to avoid hazards and ensure proper handling.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of damage or wear before use.
- Report any unsafe products or accidents to relevant authorities immediately.
- Stay informed about recall updates by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are wearing appropriate safety gear, including safety glasses and gloves, when using the mould.
- Avoid using the mould in the presence of flammable materials or in confined spaces without proper ventilation.
- Do not exceed recommended charges when using the mould to avoid risks of damage or injury.
- Handle hot materials with care to prevent burns or injuries.
- Follow local regulations regarding the use and storage of ammunition components.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and free from hazards.
- Gather all necessary materials and tools before starting.

2. Using the Mould:

- Preheat the mould according to the manufacturer's guidelines to ensure proper casting.
- Pour the molten lead into the mould cavities, ensuring not to overfill.
- Allow the mould to cool sufficiently before opening to avoid burns.

3. Casting Bullets:

- Once the mould is cooled, carefully separate the halves and remove the cast bullets.
- Inspect the bullets for quality and consistency; discard any that do not meet standards.

4. Cleaning and Maintenance:

- Clean the mould with a soft brush or cloth after each use.
- Store the mould in a dry place to prevent rust and degradation.

Disposal Instructions

- Dispose of any waste materials, including lead scraps and unused bullets, in accordance with local regulations.
- Do not dispose of materials in regular household waste; consult local hazardous waste guidelines for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the R.E.A.L. BULLET & COMBO MOLDS, please refer to the manufacturer's contact resources available on their official website or product packaging.

By following these safety instructions, you help ensure a safe and enjoyable experience with your R.E.A.L. BULLET & COMBO MOLDS. Thank you for your attention to safety.
