Safety Instruction Guide for Lee Precision Undersized Carbide Sizing Dies

Introduction

Thank you for choosing the Lee Precision Undersized Carbide Sizing Dies for your reloading needs. These dies are designed to provide a high level of precision and performance when sizing .357 Magnum and .38 Special cartridges. This guide provides important safety instructions and guidelines to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand this safety guide before using the product.
- Use the product only for its intended purpose as described in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Always wear appropriate safety gear, such as safety glasses, when using the product.
- Be aware of your surroundings and ensure you are in a safe environment when using this product.

Specific Safety Precautions for Use

- Ensure that the die is properly installed in your reloading press before use.
- Do not exceed the recommended load specifications for your cartridges.
- Handle all reloading components, including primers and powder, with care and according to their safety guidelines.
- Avoid using the die if it shows signs of damage or if you are unsure of its condition.
- Never use the die for any other purpose than sizing .357 Magnum and .38 Special cartridges.
- Store the dies in a dry, cool place when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is clean and free from debris.
- Insert the undersized carbide sizing die into the press according to the manufacturer's instructions.
- Tighten the die securely to ensure it does not move during operation.

2. Usage:

- Prepare your cartridges by ensuring they are clean and free of obstructions.
- Place the cartridge into the shell holder of your reloading press.
- Pull the handle of the press to size the cartridge. Ensure that the die is functioning smoothly without resistance.
- Inspect the sized cartridge to ensure it meets your specifications before proceeding with further reloading steps.

3. PostUsage:

- After use, clean the die to remove any residue or debris.
- Store the die in its protective case or designated storage area.

Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Do not throw dies in regular household waste. Instead, check for local recycling or hazardous waste disposal options.
- Ensure all components used in the reloading process are disposed of safely and responsibly.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Lee Precision Undersized Carbide Sizing Dies, please refer to the manufacturer's contact information provided with the product packaging.

By following these guidelines, you can ensure a safe and efficient reloading experience. Always prioritize safety and remain informed about best practices in reloading. Thank you for choosing Lee Precision products.
