Quality Sights for Your Favorite Glock

Keeping your pistol on target requires having sights you can count on. LPA Adjustable Sights for Glock are designed for use on one of the most-popular pistol platforms in America, ensuring that owners of Glock handguns have easily seen sights. Each pair of LPA Adjustable Sights are designed to fit a range of Glock handguns, ranging from the G17 to the G23, as well as the G25 through the G41. Each sight pair includes a blacked-out rear sight leaf paired with a bright-red, fiber-optic front sight that directly replaces the Glock factory sights. The rear sight included with the LPA Adjustable Sights is built with a low-profile design that aids in reholstering, and the sight pair offers a great option for everything from target-shooting to personal-defense use.

Safety Instruction Guide for ADJUSTABLE SIGHTS FOR GLOCK® L.P.A. SIGHTS FULLY ADJUSTABLE SIGHT SET, BLACK R/FIBER OPTIC FRONT

Introduction

Thank you for choosing the L.P.A. Adjustable Sights for your Glock handgun. This guide provides important safety instructions, installation and usage tips, and information on how to dispose of the product responsibly. Please read this guide carefully to ensure safe and effective use of your new sights.

General Safety Guidelines

- Ensure that the sights are compatible with your specific Glock model (G17 to G23, G25 to G41).
- Always handle firearms with care and follow all safety protocols associated with firearm use.
- Inspect the sights for any visible damage before installation.
- Do not attempt to modify or alter the sights in any way.
- Keep the sights out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Always confirm that your firearm is unloaded before installing or adjusting the sights.
- Use eye protection when shooting to safeguard against potential debris or accidents.
- Ensure that the sights are securely installed before using the firearm.
- Avoid using the firearm in wet or extreme weather conditions that may impair visibility through the sights.
- Regularly check the sights for wear and tear, and replace them if necessary.

Instructions for Installation and Usage

Installation

1. **Unload the Firearm:** Ensure that your Glock is completely unloaded.
2. **Remove Old Sights:** Use a sight pusher or appropriate tool to carefully remove the existing factory sights.
3. **Install Rear Sight:** Align the blackedout rear sight leaf with the designated slot on the slide. Press it into place securely.
4. **Install Front Sight:** Align the brightred fiberoptic front sight with the front slot on the slide. Ensure it is also pressed in securely.
5. **Check Alignment:** Confirm that both sights are aligned properly for accurate aiming.
6. **Secure the Sights:** If applicable, tighten any screws or fasteners to ensure the sights do not move during use.

Usage

- Aim the firearm using the aligned sights for improved accuracy.
- Adjust your stance and grip as needed to maintain target focus.
- Practice regularly to become familiar with the new sight alignment.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.

- If the sights need to be replaced, follow local guidelines for the disposal of firearm accessories.
- Do not throw away the sights in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the L.P.A. Adjustable Sights, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your L.P.A. Adjustable Sights for Glock. Always prioritize safety and responsibility in all aspects of firearm ownership and use.
