## Lightens Up Your Pistol Caliber Carbine

So much of the weight of any carbine is often found in the barrel, and this fact led to many consumers clamoring for an ultralight barrel for their 9mm carbines and AR pistols. Foxtrot Mike Products stepped up with its Mike-9 9mm Ultralight Barrels. Each of Foxtrot Mike Products' Mike-9 9mm Ultralight Barrels are machined from 41V50 chrome-moly vanadium steel and are finished to provide match-grade accuracy and precision, thanks to a button-rifling process that cuts a 1:10-inch twist rate designed to stabilize all 9mm projectiles. All-black finish Barrel length: 16, 8.5 or 7 inches Features 1/2-36 TPI threaded muzzle Salt bath nitrided QPQ/Melonite finish Each barrel is machined with 1/2-36 TPI muzzle threads, designed for compatibility with most of today's muzzle devices and suppressors. Foxtrot Mike Products Mike-9 9mm Ultralight Barrels are built to work with all Colt- and Glock-style 9mm upper receivers and are machined with integrated feed ramps.

# Safety Instruction Guide for AR15 MIKE9 ULTRALIGHT BARREL 9MM

## Introduction

Thank you for choosing the AR15 MIKE9 Ultralight Barrel 9mm by Foxtrot Mike Products. This guide provides important safety instructions and guidelines to ensure the safe use of your product. It is essential to read and understand these instructions before installation and use.

## General Safety Guidelines

- Always treat the barrel as if it is loaded.
- Keep the barrel and ammunition out of reach of children and unauthorized users.
- Use only compatible 9mm ammunition with the barrel.
- Inspect the barrel for any signs of damage or wear before each use.
- Ensure that you are familiar with local laws and regulations regarding the use of firearm components.
- Never modify the barrel or use it in a manner inconsistent with its intended purpose.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye and ear protection when using firearms.
- Ensure the firearm is pointed in a safe direction during handling.
- Do not use the barrel if it has been subjected to excessive heat, pressure, or any form of damage.
- Be aware of your surroundings and ensure that the area is clear of people and obstacles when firing.
- Always follow the manufacturer's instructions for the firearm in which the barrel is installed.

## Instructions for Installation and Usage

### Installation

1. Ensure the firearm is unloaded and the safety is engaged.
2. Remove the existing barrel according to the manufacturer's instructions.
3. Align the MIKE9 9mm Ultralight Barrel with the upper receiver.
4. Secure the barrel using the appropriate torque specifications provided by the firearm manufacturer.
5. Check that the barrel is properly seated and tightened before proceeding.

### Usage

- Load the firearm only when you are ready to shoot.
- Always check that the barrel is free of obstructions before firing.
- Use the firearm in a wellventilated area to avoid inhaling any harmful gases.
- Follow all safety protocols for handling and firing firearms.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding hazardous materials.
- If the barrel is damaged beyond repair, contact a local waste management authority for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the AR15 MIKE9 Ultralight Barrel 9mm, please refer to the

manufacturer's website or customer service. Always ensure you have the necessary information for safety inquiries.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your AR15 MIKE9 Ultralight Barrel 9mm. Thank you for prioritizing safety.
