[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

True Precision Match barrels are designed and manufactured in the USA to the strictest tolerances. Made from US sourced certified 416R Match Grade stainless steel True Precision goes above and beyond to broach cut our rifling through a proprietary process that ensures both peak accuracy and reliability. Enhanced rifling techniques, better overall fit, lockup, finish options, and higher quality control standards set our barrels apart from both original OEM designs as well as other aftermarket barrels. Non-threaded barrels feature a competition style 10 degree match target crown for equal and unobstructed gas dispersion leading to greater accuracy potential. 1/10 Twist Rate Polished Feed Ramp SAAMI Spec Chamber Heat Treated to Sped 42-44 Rc

## Attributes

- Name: [TRUE PRECISION SIG P365 STD BARREL, STAINLESS, 9MM](#)

# Safety Instruction Guide for STANDARD BARRELS FOR SIG 365 TRUE PRECISION SIG P365 STD BARREL, STAINLESS, 9MM

## Introduction

Thank you for choosing the True Precision Match Barrel for your SIG P365. This guide provides important safety information and instructions for the proper use and handling of your barrel. Please read this guide carefully to ensure safe and effective use.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the barrel by following all instructions and guidelines. This product is designed for use with the SIG P365 and should not be used with other firearms.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on product safety.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may lead to firearm malfunction.
- Use of incompatible ammunition can cause damage or injury.
- Failure to follow safety practices can lead to accidents.

### • Instructions for Avoiding Hazards:

- Always ensure the firearm is unloaded before installation.
- Use only approved ammunition for the SIG P365.
- Regularly inspect the barrel for signs of wear or damage.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is completely unloaded.
- Remove the factory barrel from the SIG P365 by following the manufacturer's instructions.
- Carefully insert the True Precision Match Barrel into the slide, ensuring it is seated properly.
- Reassemble the firearm according to the SIG P365 assembly instructions.

### 2. Usage:

- Always handle the firearm in a safe manner.
- Follow all local laws and regulations regarding firearm use.
- Use the barrel only in conjunction with the SIG P365 and compatible ammunition.
- Regularly clean and maintain the barrel to ensure optimal performance.

## Disposal Instructions

When disposing of the barrel or any associated components, please follow local regulations regarding the disposal of firearms and firearm accessories. Ensure that the barrel is rendered inoperable before disposal.

## Contact Information for Further Support

For further assistance, please refer to the contact information provided by the retailer or manufacturer. Always keep your purchase receipt and any warranty information for future reference.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on responsible handling and use of your True Precision Match Barrel.
