[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

True Precision Match barrels are designed and manufactured in the USA to the strictest tolerances. Made from US sourced certified 416R Match Grade stainless steel True Precision goes above and beyond to broach cut our rifling through a proprietary process that ensures both peak accuracy and reliability. Enhanced rifling techniques, better overall fit, lockup, finish options, and higher quality control standards set our barrels apart from both original OEM designs as well as other aftermarket barrels. Non-threaded barrels feature a competition style 10 degree match target crown for equal and unobstructed gas dispersion leading to greater accuracy potential. 1/10 Twist Rate Polished Feed Ramp SAAMI Spec Chamber Heat Treated to Sped 42-44 Rc

# **Safety Instruction Guide for STANDARD BARRELS FOR SIG 365 TRUE PRECISION SIG P365 STD BARREL, BLACK NITRIDE, 9MM**

## **Introduction**

Thank you for purchasing the True Precision Match Barrel for your Sig P365. This guide provides essential safety instructions to ensure the safe use and maintenance of your new barrel. Please read this guide thoroughly before installation and use.

## **General Safety Guidelines**

- Always handle firearms and firearm components with care and respect.
- Ensure that all firearms are unloaded before installing or handling any components.
- Keep the barrel and all firearm parts out of reach of children and unauthorized users.
- Regularly inspect your barrel for signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Be aware of your surroundings and ensure a safe environment when using firearms.

## **Specific Safety Precautions for Use**

- Use only 9mm Luger ammunition with this barrel.
- Ensure that the barrel is compatible with your specific firearm model (Sig P365).
- Do not attempt to modify the barrel or any firearm components.
- Avoid using reloaded or damaged ammunition, as this may cause malfunctions or accidents.
- Always wear appropriate eye and ear protection when shooting.
- Do not point the firearm at anything you do not intend to shoot.
- Be aware of potential hazards such as hot surfaces after firing.

## **Instructions for Installation and Usage**

### **1. Preparation**

- Ensure your firearm is unloaded.
- Gather necessary tools for installation (e.g., wrench, torque tool).

### **2. Installation Steps**

- Remove the slide from the firearm according to the manufacturer's instructions.
- Remove the existing barrel from the slide.
- Clean the slide and chamber area to remove any debris.
- Insert the True Precision barrel into the slide, ensuring it is seated properly.
- Reattach the slide to the frame of the firearm.
- Perform a function check to ensure proper operation.

### **3. Usage Instructions**

- Always ensure the firearm is pointed in a safe direction before loading.
- Load the firearm with 9mm Luger ammunition.
- Follow standard shooting practices, maintaining control and awareness.
- After use, clean the barrel and firearm components regularly to maintain performance.

## **Disposal Instructions**

- Dispose of the barrel in accordance with local regulations regarding firearm components.
- If the barrel is damaged or no longer in use, consider contacting a professional for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or support regarding your True Precision barrel, please refer to the manufacturer's website or customer service resources.

By following these guidelines and instructions, you can ensure the safe and effective use of your True Precision Match Barrel. Always prioritize safety and responsibility when handling firearms.
