[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

True Precision Match barrels are designed and manufactured in the USA to the strictest tolerances. Made from US sourced certified 416R Match Grade stainless steel True Precision goes above and beyond to broach cut our rifling through a proprietary process that ensures both peak accuracy and reliability. Enhanced rifling techniques, better overall fit, lockup, finish options, and higher quality control standards set our barrels apart from both original OEM designs as well as other aftermarket barrels. Non-threaded barrels feature a competition style 10 degree match target crown for equal and unobstructed gas dispersion leading to greater accuracy potential. 1/10 Twist Rate Polished Feed Ramp SAAMI Spec Chamber Heat Treated to Sped 42-44 Rc

## Attributes

- Name: [TRUE PRECISION SIG P365 STD BARREL, GOLD, 9MM](#)
- Manufacturer: [TRUE PRECISION](#)

# Safety Instruction Guide for STANDARD BARRELS FOR SIG 365 TRUE PRECISION SIG P365 STD BARREL, GOLD, 9MM

## Introduction

Thank you for choosing the STANDARD BARRELS FOR SIG 365 TRUE PRECISION SIG P365 STD BARREL, GOLD, 9MM. This guide provides essential safety information to ensure the safe use and maintenance of your barrel. Please read this guide carefully before use to understand the precautions necessary for your safety and the safety of others.

## General Safety Guidelines

- Ensure that the barrel is used solely for its intended purpose as specified in this guide.
- Always handle firearms and accessories with care and respect.
- Keep the barrel and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the barrel for any signs of damage or wear before use.
- Follow all local laws and regulations regarding the use and ownership of firearms and firearm accessories.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Ensure that the firearm is unloaded before installing or removing the barrel.
- Verify that the barrel is compatible with your specific firearm model (Sig P365).
- Avoid using ammunition that exceeds the specifications for the barrel (9mm Luger).
- Do not modify or attempt to repair the barrel; seek professional assistance if needed.
- Do not use the barrel if it shows signs of damage, such as cracks or corrosion.
- Be aware of your surroundings and ensure a safe shooting environment when using the firearm.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is completely unloaded.
- Remove the original barrel from the firearm according to the manufacturer's instructions.
- Carefully insert the new True Precision barrel into the firearm's slide.
- Ensure that the barrel is seated properly and securely.
- Reassemble the firearm according to the manufacturer's specifications.

### 2. Usage:

- Before firing, doublecheck that the barrel is properly installed.
- Use only highquality, compatible ammunition (9mm Luger).
- After each use, clean the barrel according to the maintenance instructions provided by the manufacturer.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding the disposal of firearms and firearm components.
- If the barrel is damaged or no longer usable, consider returning it to the manufacturer for proper disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the use and safety of your barrel, please contact the manufacturer directly. Ensure to have your product details available for reference.

This safety instruction guide complies with the EU General Product Safety Regulation (GPSR) to ensure the safe use of the STANDARD BARRELS FOR SIG 365 TRUE PRECISION SIG P365 STD BARREL, GOLD, 9MM. Your safety is our priority, and we encourage you to follow all guidelines and precautions outlined in this document.
