

# STANDARD BARRELS FOR GLOCK® 26 - TRUE PRECISION G26 NON-THREADED BARREL, STAINLESS STEEL, 9MM

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Owned and operated just outside Atlanta Georgia, True precision Match barrels are designed and manufactured in the USA to the strictest tolerances. Made from US sourced certified 416R Match Grade stainless steel. Rilling is broach cut with a proprietary process that ensures both peak accuracy and reliability. Enhanced filing techniques, better overall fit, lockup, finish options, and higher quality control standards set True Precision barrels apart from both original OEM designs as well as other aftermarket barrels. Designed for all ammunition types including cast lead. Polished feed ramp. SAAMI Spec chamber. Heat Treated to spec at 42-44 HRC. Threaded 1/2"X28 TPI.

## Attributes

# Safety Instruction Guide for STANDARD BARRELS FOR GLOCK® 26 TRUE PRECISION G26 NONTHREADED BARREL

## Introduction

Thank you for choosing the True Precision G26 NonThreaded Barrel. This guide provides essential safety instructions to ensure the safe use and maintenance of your barrel. Please read this document carefully before installation and use.

## General Safety Guidelines

- Always handle firearms and firearm components with care and respect.
- Ensure that the barrel is compatible with your Glock® 26 model before installation.
- Use only ammunition that is recommended for your barrel, specifically 9 mm Luger.
- Store the barrel in a secure location away from children and unauthorized users.
- Regularly inspect the barrel for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and usage.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to firearm malfunction.
  - Using incorrect ammunition can cause serious injury or damage.
  - Firing a damaged barrel can result in catastrophic failure.
- **Avoiding Hazards:**
  - Always ensure the firearm is unloaded before installing or removing the barrel.
  - Do not modify the barrel or the firearm in any way that is not recommended by the manufacturer.
  - Ensure that the barrel is properly secured before use.
  - Use eye and ear protection while firing the firearm.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is completely unloaded.
- Remove the slide from the Glock® 26 according to the manufacturer's instructions.
- Remove the original barrel by sliding it out of the slide.
- Insert the True Precision G26 NonThreaded Barrel into the slide, ensuring it is properly seated.
- Reassemble the slide and the frame of the firearm.
- Perform a function check to ensure proper operation before firing.

### 2. Usage:

- Always use the firearm in a safe and controlled environment.
- Follow all firearm safety rules while handling and operating the firearm.
- Ensure that the area is clear of people and obstructions before firing.
- Clean the barrel regularly to maintain optimal performance.

## **Disposal Instructions**

- Dispose of the barrel according to local regulations.
- Do not dispose of the barrel in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns, please refer to the manufacturer's contact information provided with your product packaging. Always consult with a qualified gunsmith or firearms expert if you have questions regarding the installation or use of your barrel.

By following these guidelines, you can ensure a safe and enjoyable experience with your True Precision G26 NonThreaded Barrel. Thank you for your attention to safety.
