

# THREADED BARRELS FOR THE GLOCK® 26 - TRUE PRECISION G26 THREADED BARREL 1/2"X28, SS, 9MM

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Owned and operated just outside Atlanta Georgia, True precision Match barrels are designed and manufactured in the USA to the strictest tolerances. Made from US sourced certified 416R Match Grade stainless steel. Rilling is broach cut with a proprietary process that ensures both peak accuracy and reliability. Enhanced rifling techniques, better overall fit, lockup, finish options, and higher quality control standards set True Precision barrels apart from both original OEM designs as well as other aftermarket barrels. Designed for all ammunition types including cast lead. Polished feed ramp. SAAMI Spec chamber. Heat Treated to spec at 42-44 HRC. Threaded 1/2"X28 TPI.

## Attributes

- Name: [TRUE PRECISION G26 THREADED BARREL 1/2"X28, SS, 9MM](#)
- Manufacturer: [TRUE PRECISION](#)
- Product no.: 100033192

# Safety Instruction Guide for True Precision G26 Threaded Barrel

## Introduction

Thank you for choosing the True Precision G26 Threaded Barrel. This guide provides essential safety instructions to ensure the proper and safe use of your product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the barrel is compatible with your Glock 26 before installation.
- Always handle firearms and their components with care and respect.
- Store the barrel in a safe place, away from children and unauthorized users.
- Regularly inspect the barrel for any signs of damage or wear.
- Follow all local laws and regulations regarding the use of firearms and their components.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only approved ammunition types with the threaded barrel.
- Ensure that the firearm is unloaded before attempting any installation or maintenance.
- Wear appropriate eye and ear protection when using the firearm.
- Avoid using the barrel if it shows any signs of damage or if it has been involved in an accident.
- Do not modify the barrel beyond the manufacturer's specifications.
- Keep the barrel clean and properly maintained to ensure optimal performance.

## Instructions for Installation and Usage

### 1. Installation:

- Make sure the firearm is unloaded.
- Remove the original barrel from the Glock 26 by following the manufacturer's guidelines.
- Carefully insert the True Precision G26 Threaded Barrel into the slide of the Glock 26.
- Ensure the barrel is seated properly and securely locked in place.
- Replace any necessary components that were removed during installation.

### 2. Usage:

- Always check the barrel and firearm before each use to ensure they are in good working condition.
- Use the barrel with appropriate suppressors or muzzle devices as intended.
- Follow all standard operating procedures for firearm usage.
- After use, clean the barrel according to the manufacturer's recommendations.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding metal recycling or hazardous waste.
- If the barrel is damaged or no longer usable, do not attempt to repair it; instead, follow local guidelines for safe disposal.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the True Precision G26 Threaded Barrel, please refer to the manufacturer's website or customer support resources.

By adhering to these safety guidelines and instructions, you contribute to a safer environment for yourself and others while enjoying the performance of your True Precision G26 Threaded Barrel. Thank you for your attention to safety.
