

THREADED BARRELS FOR THE GLOCK® 26 - TRUE PRECISION G26 THREADED BARREL 1/2"X28, BLACK NITRIDE, 9MM

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Owned and operated just outside Atlanta Georgia, True precision Match barrels are designed and manufactured in the USA to the strictest tolerances. Made from US sourced certified 416R Match Grade stainless steel. Rilling is broach cut with a proprietary process that ensures both peak accuracy and reliability. Enhanced filing techniques, better overall fit, lockup, finish options, and higher quality control standards set True Precision barrels apart from both original OEM designs as well as other aftermarket barrels. Designed for all ammunition types including cast lead. Polished feed ramp. SAAMI Spec chamber. Heat Treated to spec at 42-44 HRC. Threaded 1/2"X28 TPI.

Safety Instruction Guide for THREADED BARRELS FOR THE GLOCK® 26

Introduction

Thank you for choosing the True Precision G26 Threaded Barrel. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used in accordance with all local laws and regulations regarding firearm accessories.
- Always handle firearms and associated components with care and respect.
- Store the product in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the barrel for any signs of wear or damage before use.
- Do not use the barrel with ammunition types that are not recommended by the manufacturer.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or removing the threaded barrel.
- Use appropriate hearing and eye protection when firing.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not modify the barrel or firearm in any way that could compromise safety or performance.
- Follow all instructions provided by the firearm manufacturer regarding the use of threaded barrels.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the factory barrel from the Glock® 26 following the manufacturer's instructions.
- Carefully insert the True Precision G26 Threaded Barrel into the slide.
- Ensure the barrel is properly seated and locked in place.
- Reassemble the firearm according to the manufacturer's guidelines.

2. Usage:

- Use only 9mm Luger ammunition with the threaded barrel.
- Check the barrel for proper fit and function before each use.
- Ensure the suppressor or muzzle device is securely attached if used.
- Maintain a safe distance from others while firing.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local authorities for guidance on proper disposal methods for firearm accessories.

Contact Information for Further Support

For any questions or concerns regarding safety, usage, or maintenance of the True Precision G26 Threaded Barrel, please refer to the manufacturer's website or contact your local dealer for support.

This safety instruction guide is designed to help you use the True Precision G26 Threaded Barrel safely and effectively. By following these guidelines, you can help ensure a safe and enjoyable shooting experience. Thank you for your attention to safety!
