Enhances the Performance of Your Latest-Generation Glock

As the market's proven with each passing generation of Glock handguns, manufacturers are churning out enhanced aftermarket components designed to improve the already-impressive performance of Glock's flagship handguns. One of the latest options available for Gen 5 models of the Glock G19 is the Agency Arms Non-Threaded Mid Line Barre, designed to improve barrel life and performance. These enhanced capabilities are made possible in the Agency Arms Non-Threaded Mid Line Barrel because of the company's careful manufacturing process and attention to detail. Each barrel is machined from 416R stainless steel and is finished with pulled-broach rifling in an industry-standard 1:10-inch rate of twist. This process produces a barrel surface that guards against corrosion and prevents degradation and wear seen with other barrel materials. As is needed for the Gen 5 Glock G19, the Agency Arms Non-Threaded Mid Line Barrel measures 4.02 inches in length, same as the OEM Glock barrel, but this option is available with either a black nitride, stainless steel or TiN finish. Glock fans will also notice the unique machined-gear fluting included with each b barrel.

Attributes

- Name: [AGENCY ARMS G19 GEN5 9MM LUGER 4.02 1-10 TWIST NON-THREAD SS FLUTED BBL](#)

Safety Instruction Guide for NONTHREADED GEN 5 G19 BARRELS AGENCY ARMS G19 GEN5 9MM LUGER 4.02 110 TWIST NONTHREAD SS FLUTED BBL

Introduction

Thank you for choosing the Agency Arms NonThreaded Mid Line Barrel for your Glock G19 Gen 5. This guide provides essential safety information to ensure safe and effective use of your product. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that the barrel is compatible with your Glock G19 Gen 5 model before installation.
- Always handle firearms and firearm components responsibly and in accordance with local laws and regulations.
- Store the barrel in a safe location, away from children and unauthorized users.
- Regularly inspect the barrel for signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not attempt to modify or alter the barrel in any way.
- Ensure that the firearm is unloaded before installing the barrel.
- Use only the recommended ammunition type (9 mm Luger) for optimal performance and safety.
- Avoid using the barrel in extreme conditions that could affect its integrity and performance.
- Follow the manufacturer's instructions for cleaning and maintenance to prevent corrosion and degradation.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is pointed in a safe direction and is unloaded.
- Gather necessary tools for installation, including a torque wrench.

2. Installation:

- Remove the existing barrel from your Glock G19 Gen 5 by following the manufacturer's disassembly instructions.
- Carefully insert the Agency Arms NonThreaded Mid Line Barrel into the slide.
- Ensure that the barrel is seated properly and securely.
- Reassemble the firearm according to the manufacturer's instructions.

3. Usage:

- Once installed, conduct a function check to ensure the firearm operates correctly with the new barrel.
- Always wear appropriate eye and ear protection when firing.
- Follow safe shooting practices and be aware of your surroundings while shooting.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations and guidelines for firearm components.
- Do not dispose of the barrel in regular household waste.
- If the barrel is damaged or no longer usable, contact a local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please reach out to the designated EU contact point provided by the manufacturer. Ensure that you have the product details available for any support requests.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your shooting experience with the Agency Arms NonThreaded Mid Line Barrel.
