## Enhances the Performance of Your Latest-Generation Glock

As the market's proven with each passing generation of Glock handguns, manufacturers are churning out enhanced aftermarket components designed to improve the already-impressive performance of Glock's flagship handguns. One of the latest options available for Gen 5 models of the Glock G19 is the Agency Arms Non-Threaded Mid Line Barre, designed to improve barrel life and performance. These enhanced capabilities are made possible in the Agency Arms Non-Threaded Mid Line Barrel because of the company's careful manufacturing process and attention to detail. Each barrel is machined from 416R stainless steel and is finished with pulled-broach rifling in an industry-standard 1:10-inch rate of twist. This process produces a barrel surface that guards against corrosion and prevents degradation and wear seen with other barrel materials. As is needed for the Gen 5 Glock G19, the Agency Arms Non-Threaded Mid Line Barrel measures 4.02 inches in length, same as the OEM Glock barrel, but this option is available with either a black nitride, stainless steel or TiN finish. Glock fans will also notice the unique machined-gear fluting included with each b barrel.

## Attributes

- Name: [AGENCY ARMS G19 GEN5 9MM LUGER 4.02 1-10 TWST NON-THREAD TIN FLUTED BBL](#)
- Manufacturer: [AGENCY ARMS](#)
- Product no.: 100033646

# Safety Instruction Guide for NONTHREADED GEN 5 G19 BARRELS AGENCY ARMS G19 GEN5 9MM LUGER 4.02 110 TWST NONTHREAD TIN FLUTED BBL

## Introduction

Thank you for choosing the NONTHREADED GEN 5 G19 BARRELS from AGENCY ARMS. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that all users of the product are familiar with proper firearm safety practices.
- Always handle the barrel and firearm with care, treating every firearm as if it is loaded.
- Store the barrel and firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the barrel for signs of wear or damage.
- Follow all local laws and regulations regarding the use and ownership of firearms and firearm components.
- If you experience any issues with the barrel, discontinue use immediately and seek professional assistance.

## Specific Safety Precautions for Use

- Only use the barrel with compatible Glock G19 Gen 5 models.
- Ensure that the barrel is installed correctly before use. Improper installation may lead to malfunctions.
- Do not modify the barrel in any way, as this may compromise its integrity and safety.
- Use only appropriate ammunition (9mm Luger) as specified for this barrel.
- Always wear eye and ear protection when firing a firearm.
- Be aware of your surroundings and ensure a safe shooting environment.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a torque wrench if required.

### 2. Installation:

- Remove the existing barrel from your Glock G19 Gen 5.
- Clean the barrel chamber to remove any debris or residue.
- Insert the NONTHREADED GEN 5 G19 BARREL into the slide, ensuring it is seated properly.
- If applicable, secure the barrel using the appropriate screws or fasteners as per the manufacturer's specifications.
- Ensure that the barrel is aligned correctly and functions smoothly within the slide.

### 3. PostInstallation Check:

- Conduct a function check to ensure the firearm operates correctly with the new barrel.
- Inspect the installation for any visible issues or misalignments.

- Store the firearm safely until you are ready to use it.

#### **4. Usage:**

- Follow standard shooting practices when using the firearm equipped with the new barrel.
- Monitor the barrel for any signs of overheating or unusual wear during use.

## **Disposal Instructions**

- Dispose of the barrel in accordance with local regulations regarding firearm components.
- Do not dispose of the barrel in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the NONTHREADED GEN 5 G19 BARRELS, please refer to the manufacturer's contact information or visit their official website for support resources.

By following these safety instructions, you can ensure a safe and enjoyable experience with your NONTHREADED GEN 5 G19 BARRELS. Always prioritize safety and responsibility when handling firearms and their components.
