

# 1911 EDC X9 LIGHT RAIL - 1911 EDC X9 9MM LIGHT RAIL

[Firearms](#) > [Handguns](#) > [Semi-Auto](#)

Wilson Combat has redefined the defensive handgun with the EDC X9, a modern hybrid of our EDC 9 1911 slide assembly mated with the all new high-capacity X-frame. This groundbreaking design combines the accuracy, ergonomics and trigger pull of the classic 1911 design with enhanced reliability, and concealable, high capacity performance. The ergonomic design of the X-frame in conjunction with your choice of small or large back strap and small, medium or long trigger pad can be tailored to fit all hand sizes comfortably. The EDC X9 front and back strap are machined with the Wilson Combat X-Tac tread pattern that provides a tactile but nonabrasive grip in all shooting conditions. The EDC X9 will fit the majority of holsters on the market designed for 4" or 4.25" 1911 pistols and is offered with or without an accessory rail. The EDC X9 comes with many options to help fit the gun to your needs and preferences. Please refer to our FAQ Section to learn more about the parts we've used, maintaining your gun, and other questions you might have. Designed by Bill Wilson and Wilson Combat engineers, the X-frame is a 15-round, high capacity 9mm 1911 frame that is similar in size to a traditional compact, single stack 1911. The X-frame is machined at Wilson Combat from T6-7075 aluminum and accepts a high capacity magazine with a grip that is smaller in circumference than a standard 1911 while retaining traditional 1911 controls. The EDC X9 15-round, double column magazine was developed jointly with Mec-Gar, industry leaders in double column magazine design. The screwless X-frame design uses hammer spring tension to keep the aggressive traction Wilson/VZ G-10 starburst pattern grips securely in place. The result is a highly concealable, high capacity pistol frame that easily disassembles for grip/back strap removal or routine cleaning with a "?" pin punch. "The EDC X9 has been the most extensive design and development project Wilson Combat has undertaken in our 40-year history and it reflects what the company has become today from our humble beginnings as a one man gunsmithing shop."-Bill Wilson, CEO of Wilson Combat. The EDC X9 slide assembly is from our single stack EDC 9 pistol with Wilson Combat's ERS "Enhanced Reliability System" for 9mm 1911's. The ERS is tailored to the varying power level of 9mm ammunition and maintains impressive reliability in all conditions, even when heavily fouled and low on lubrication. Other features include a Tri-Top slide profile with user-replaceable front sight, single lug tapered cone match-grade 1911 barrel, rear Tactical Adjustable Battlesight and a rugged, user-serviceable external extractor. "During my extensive shooting of the EDC X9 during development and final testing I have been very impressed with its functional reliability beginning all the way back to some of the early prototypes, this tells me the overall design is inherently very sound and I applaud our engineers and pistol smiths that worked so hard on this project."-Bill Wilson, CEO of Wilson Combat. ## Attributes

- Name: [1911 EDC X9 9MM LIGHT RAIL](#)
- Manufacturer: [WILSON COMBAT](#)
- Product no.: 100034273
- Mfr. No.: EDCX-CPR-9
- Action Type: Single Action
- Barrel Length: 4"
- Capacity: 15+1-Round
- Cartridge: 9 mm Luger
- Finish: Black
- Front Sight: Fixed
- Length: 7.4"
- Magazine Included: 2 x 15-Round
- Magazine Type: Removable
- Make: Wilson Combat
- Model: 1911 EDC X9 Light Rail
- Muzzle: Flush Cut Reverse Crown
- Rear Sight: Fixed
- Safety: No
- Stock Material: G10
- Weight: 29.19 oz
- Delivery weight: 1.996kg
- Shipping height: 76mm
- Shipping width: 305mm
- Shipping length: 406mm
- UPC: 811826022615

# Safety Instruction Guide for the 1911 EDC X9 Light Rail

## Introduction

Thank you for choosing the 1911 EDC X9 Light Rail by Wilson Combat. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your firearm. Please read this manual thoroughly before using the product.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your target and what is beyond it.
- Store the firearm securely and out of reach of children and unauthorized users.
- Regularly inspect your firearm for any signs of wear or damage.
- Use only the recommended ammunition for your firearm.
- Follow local laws and regulations regarding firearm ownership and use.

## Specific Safety Precautions for Use

- Ensure you are in a safe environment when handling the firearm.
- Always wear appropriate eye and ear protection when shooting.
- Do not use the firearm under the influence of drugs or alcohol.
- Be aware of the recoil and muzzle rise when firing.
- Avoid using the firearm in wet or damp conditions unless specifically designed for such environments.
- Do not modify or alter the firearm in any way that is not authorized by the manufacturer.
- If you experience any malfunctions, cease firing immediately and inspect the firearm.

## Instructions for Installation and Usage

### • Installation of Accessories:

- Ensure that the firearm is unloaded before installing any accessories.
- Follow the manufacturer's instructions for installing any accessories such as sights or grips.

### • Loading the Firearm:

- Use only the specified 15round, double column magazine for the 1911 EDC X9.
- To load the magazine, press down on the follower and insert cartridges one at a time until full.
- Insert the loaded magazine into the firearm until it clicks into place.

### • Firing the Firearm:

- Ensure the safety is in the "off" position before attempting to fire.
- Grip the firearm firmly and align your sights on the target.
- Squeeze the trigger gently to fire.

### • Unloading the Firearm:

- Point the firearm in a safe direction.
- Remove the magazine by pressing the magazine release button.

- Pull back the slide to eject any chambered round.
- Visually inspect the chamber to ensure it is empty.

## **Disposal Instructions**

- Dispose of any unused or expired ammunition in accordance with local laws and regulations.
- If you need to dispose of the firearm, contact a licensed firearms dealer or local law enforcement for proper disposal methods.
- Do not throw away the firearm in regular trash or recycling bins.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the 1911 EDC X9 Light Rail, please refer to the manufacturer's official website or customer service for assistance.

This safety instruction guide is designed to comply with the EU General Product Safety Regulation (GPSR). By following these guidelines, you can help ensure your safety and the safety of those around you while using the 1911 EDC X9 Light Rail. Remember to always stay informed about safety updates and recalls through the appropriate channels.
