## Eliminate Strain in Your Shooting Position

In many popular competitions, like Precision Rifle Series or Precision Rimfire, competitors have found that filling gaps in their joints works to build a more-solid shooting position. The WieBad Plump Pillow allows shooters to fill in these gaps and reduce strain. Appearing like a miniature pillow, the WieBad Plump Pillow can be used as a buffer or a filler between different parts of the body, allowing shooters to keep their arms or legs positioned farther out than otherwise would be comfortable. Each WieBad Plump Pillow measures 9 x 11 x 7 inches and weighs 1 pound, 4 ounces. Available colors are Coyote, OD Green, Black and MultiCam.
