

T1000 TARGET HIT INDICATOR GEN 2 - MAGNETOSPEED T1000 GEN 2 TARGET HIT INDICATOR

[Shooting Accessories](#) > [Targets & Accessories](#) > [Target Accessories](#)

The T1000 Gen 2 is a rugged target hit indicator with a weatherproof enclosure and extremely long battery life. Designed to be mounted to the back side of any AR500 steel targets 10 inches in width or greater. While mounted, it is in an always-on state waiting for the next shot. The Flexprism rubber reflector is designed to withstand many impacts before needing to be replaced. Target preparation for the T1000 is quick and simple and is easily transferable to multiple targets using common industrial Velcro tape. The T1000 Gen 2 has multiple operating and game modes to best suit your shooting situation and is easily seen through any optic that is capable of seeing the target at that shooting distance. Features: Now configurable by iOS or Android app (T1000 Tuner) through audio interface Increased battery life; over one year in standby mode Expanded sensitivity settings and two-method impact verification Three exciting game modes Works on calibers from .22 up to .50 BMG Includes: Complete T1000 Gen 2 unit (lithium AA batteries included) Spare Flex prism reflector Spare set of mounting Straps Aiming tool

T1000 Gen 2 Target Hit Indicator Safety Instructions

Introduction

Thank you for choosing the T1000 Gen 2 Target Hit Indicator. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in the product documentation.
- Always handle firearms and shooting equipment with care and follow all local laws and regulations.
- Keep the T1000 Gen 2 out of reach of children and vulnerable individuals.
- Regularly inspect the T1000 Gen 2 for any signs of damage or wear before use.
- Report any unsafe conditions or incidents to the appropriate authorities immediately.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Avoid using the T1000 Gen 2 in extreme weather conditions that may compromise its performance.
- Do not expose the unit to excessive force or impacts beyond its designed capability.
- Ensure that the T1000 Gen 2 is securely mounted to the target before shooting.
- Use only the recommended mounting methods and materials to prevent the unit from detaching during use.
- If using in a shooting range, adhere to all range safety protocols and guidelines.
- Do not attempt to modify or repair the T1000 Gen 2 yourself; contact a qualified technician for any issues.

Instructions for Installation and Usage

1. Installation:

- Select a suitable AR500 steel target that is at least 10 inches wide.
- Clean the back side of the target to ensure proper adhesion of the Velcro tape.
- Apply the industrial Velcro tape to the back of the T1000 Gen 2 unit.
- Firmly press the unit onto the target, ensuring it is securely attached.

2. Usage:

- Ensure the T1000 Gen 2 is in the "on" position and ready to detect impacts.
- Use the T1000 Tuner app available for iOS or Android to configure settings as needed.
- When shooting, aim carefully and be aware of your surroundings.
- After each shot, check the T1000 Gen 2 for proper functioning and visibility through your optic.
- If the unit shows signs of malfunction or damage, discontinue use immediately.

Disposal Instructions

- Do not dispose of the T1000 Gen 2 in regular household waste.
- Follow local regulations for the disposal of electronic devices and batteries.
- Remove batteries before disposal and recycle them according to local guidelines.

Contact Information for Further Support

For any questions or concerns regarding the T1000 Gen 2 Target Hit Indicator, please refer to the manufacturer's website or customer service channels. It is important to have access to support for any product-related inquiries or issues.

By following these safety instructions, you can ensure a safe and enjoyable experience with your T1000 Gen 2 Target Hit Indicator. Thank you for your attention to safety!
