

# SINGLE MIC ELECTRONIC MUFF - WALKERS GAME EAR SINGLE MIC ELECTRONIC MUFF

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Muffs](#)

## A Single-Mic Earmuff That Won't Whistle in Wind

If you've ever had a moment when your sound-enhancing earmuffs started whistling in high wind, you know how off-putting it can be. The engineering team at Walkers hates this phenomenon, too, so they developed the Walkers Single Mic Electronic Earmuff to avoid this issue. The one, high-frequency mic used in the muffs is incredibly wind-resistant, and the entire affordable setup provides a noise-reduction rating of 22 decibels. Each pair of Walkers Single Mic Electronic Muffs features a single volume-control knob, as well as 4X hearing enhancement and Sound Activated Compression. The low-profile earcups and folding design allow for a slim, discreet profile that won't impede your shooting or take up tons of room in your range bag. The unit is powered by a single AAA battery.

## Attributes

- Name: [WALKERS GAME EAR SINGLE MIC ELECTRONIC MUFF](#)
- Manufacturer: [WALKERS GAME EAR](#)
- Product no.: 100036640
- Mfr. No.: GWP-WLK1MEM
- Colour: Black
- NRR: 24 dB
- Style: Electronic
- Delivery weight: 0.352kg
- Shipping height: 102mm
- Shipping width: 191mm
- Shipping length: 203mm
- UPC: 888151014820

# Safety Instruction Guide for Walkers Single Mic Electronic Muff

## Introduction

Thank you for choosing the Walkers Single Mic Electronic Muff. This product is designed to enhance your hearing while providing protection from harmful noise levels. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU safety regulations.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Regularly inspect the earmuffs for any signs of damage or wear.
- Keep the earmuffs away from moisture and extreme temperatures.
- Store the earmuffs in a safe place when not in use, away from children and pets.
- If you experience any discomfort or unusual sounds while using the earmuffs, discontinue use immediately.

## Specific Safety Precautions for Use

- **Hearing Protection:** The Walkers Single Mic Electronic Muff provides a noise reduction rating (NRR) of 24 dB. Use this product in environments where noise levels exceed safe limits.
- **Volume Control:** Adjust the volume control knob to a comfortable level. Avoid setting the volume too high, as this may lead to hearing damage.
- **Wind Resistance:** The earmuffs are designed to minimize wind noise. However, if whistling occurs, adjust the position of the earmuffs or seek shelter from the wind.
- **Battery Safety:** The earmuffs are powered by a single AAA battery. Ensure the battery is installed correctly and replace it as needed to maintain performance.

## Instructions for Installation and Usage

### 1. Installation of Battery:

- Open the battery compartment located on the earmuffs.
- Insert a new AAA battery, ensuring the positive (+) and negative (-) terminals are aligned correctly.
- Close the battery compartment securely.

### 2. Wearing the Earmuffs:

- Place the earmuffs over your ears, ensuring a snug fit.
- Adjust the headband for comfort and stability.
- Ensure that the earmuffs are properly sealed around the ears to maximize noise reduction.

### 3. Adjusting Settings:

- Use the volume control knob to adjust the sound level to your preference.
- Activate the Sound Activated Compression feature to automatically reduce loud noises while enhancing softer sounds.

### 4. Maintenance:

- Clean the earmuffs with a soft, dry cloth. Avoid using harsh chemicals or solvents.
- Regularly check for any signs of wear or damage, especially on the ear cushions and headband.

## **Disposal Instructions**

- Dispose of the earmuffs in accordance with local regulations.
- Remove the battery before disposal and recycle it according to local battery recycling programs.
- Do not dispose of earmuffs in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the Walkers Single Mic Electronic Muff, please refer to the manufacturer's contact details provided with the product packaging.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of your Walkers Single Mic Electronic Muff. Thank you for prioritizing your hearing protection and safety.
