

# STRIKE LATCHLESS CHARGING HANDLE - STRIKE INDUSTRIES

## STRIKE LATCHLESS CHARGING HANDLE FDE

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

The Strike Latchless Charging Handle represents yet another step forward for the AR 15. Simple in its execution, yet robust and reliable, the revolutionary Strike Latchless Charging Handle offers forged 7075 construction, efficient side gas venting, and a solid, comfortable interface for the user. Reliable receiver lockup is achieved through a novel hidden spring mechanism that uses the Charging Handle insertion slot in the upper receiver charging handle channel. This channel features a natural radius that will not wear rapidly like the external, 90-degree edge of the standard CH latch area of the upper receiver. The flat spring bearing surface is much larger than a steel ball bearing, spreading force and wear out over a larger area. Increased service life is one benefit of this type of system, as is the comfort and peace of mind that come from a lack of moving or external components that can break or snag/catch on your gear and foreign objects. The solid aluminum construction is durable and provides a solid mounting point for the ISO Tabs, an add-on component that increases surface area for those using large optics and/or gloved hands. For standart mil-spec AR15 only. Not rated for suppressors and/or full auto fire. Not for use in SBRs or pistol length barrels.

### Attributes

- Name: [STRIKE INDUSTRIES STRIKE LATCHLESS CHARGING HANDLE FDE](#)
- Manufacturer: [STRIKE INDUSTRIES](#)
- Product no.: 100037064
- Mfr. No.: SI-AR-SLCH-FDE
- Finish: Flat Dark Earth
- Hand: Ambidextrous
- Style: Factory Replacement
- Weapon type: AR-15
- Delivery weight: 0.039kg
- Shipping height: 13mm
- Shipping width: 108mm
- Shipping length: 216mm
- UPC: 708747546682

### Item details

US export classification: 0A501.x

# Safety Instruction Guide for the STRIKE Latchless Charging Handle

## Introduction

Thank you for choosing the STRIKE Latchless Charging Handle. This product is designed for use with AR15 rifles, providing a robust and reliable charging mechanism. To ensure safe and effective use of this product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always treat the firearm as if it is loaded, even if you believe it to be empty.
- Ensure that the charging handle is properly installed before use.
- Familiarize yourself with the operation of the charging handle before using it in a livefire situation.
- Store the charging handle in a dry, secure location when not in use.
- Regularly inspect the charging handle for any signs of wear or damage.
- Keep this product out of reach of children and unauthorized users.

## Specific Safety Precautions for Use

- Do not use the STRIKE Latchless Charging Handle with suppressors or in fullauto fire configurations.
- The charging handle is intended for standard milspec AR15 models only. Ensure compatibility before installation.
- Avoid using the charging handle with shortbarreled rifles (SBRs) or pistollength barrels.
- Use gloves when handling the charging handle if you are using large optics to ensure a secure grip.
- Be aware of the potential for sharp edges during installation and operation. Handle with care to avoid injury.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing charging handle from the upper receiver by pulling it out of the charging handle channel.
- Align the STRIKE Latchless Charging Handle with the charging handle channel.
- Insert the charging handle into the channel until it is fully seated.
- Confirm that the handle is securely locked in place.

### 2. Usage:

- To operate the charging handle, grip it firmly with one hand.
- Pull the handle back towards the rear of the firearm to chamber a round or clear the action.
- Release the handle smoothly to allow it to return to its resting position.
- Practice operating the charging handle in a safe environment before engaging in livefire situations.

## Disposal Instructions

- When disposing of the STRIKE Latchless Charging Handle, follow local regulations regarding the disposal of metal products.
- Ensure that the product is rendered unusable before disposal to prevent unauthorized use.

## **Contact Information for Further Support**

For any inquiries regarding the STRIKE Latchless Charging Handle, please refer to the manufacturer's website or customer service resources.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable experience with the STRIKE Latchless Charging Handle. Always prioritize safety and responsible handling of your firearm and its accessories.
