## A Practical, Durable Extractor for Your Classic 1911

Much has changed since the original 1911 design, and technology, manufacturing and steel quality has enabled manufacturers to develop components with durability that John Browning could never have imagined. One such component is the 1911 Practical Extractor from EGW. In comparison to original 1911 extractors, the EGW 1911 Practical Extractor features several improvements designed to improve functionality. This extractor is .025 inch shorter than the standard GI extractor, which prevents the extractor hook from constantly banging against the case, which causes it to lose tension and lead to jams. The extractor also features a radiused cut on both sides of the extractor hook, which increases strength, preventing a failure point. Finally, the EGW 1911 Practical Extractor is vacuum heat-treated, which preserves the springing property of the extractor and allows it to maintain tension for up to 70,000 rounds. Extractors are available for Series 70 and Series 80 guns and can be had in 9mm, 38 Super, .40-caliber and .45 ACP.

## Attributes

- Name: [EGW 1911 PRACTICAL EXTRACTOR .45 ACP S70 SS](#)
- Manufacturer: [EGW](#)
- Product no.: 100039475
- Mfr. No.: 10352SS
- Caliber: 45 Caliber (.451-.454)
- Finish: Stainless Steel
- Weapon type: 1911
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 25mm
- UPC: 841370111916

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for EGW 1911 Practical Extractor

## Introduction

Thank you for choosing the EGW 1911 Practical Extractor for your firearm needs. This guide provides essential safety instructions to ensure the safe use and installation of your extractor, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully to understand how to handle and maintain your extractor safely.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using the extractor.
- Always handle firearms with care and follow all safety precautions associated with firearm use.
- Store the extractor and all firearm components in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the extractor for wear or damage before use. Replace if necessary.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the extractor only with compatible models (Series 70 and Series 80) and specified calibers (9mm, .38 Super, .40caliber, and .45 ACP).
- Do not modify the extractor or use it in a manner not intended by the manufacturer.
- Ensure that the extractor is installed correctly to avoid malfunctions that could lead to injury.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- If you notice any unusual behavior during operation, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and safe to handle.
- Remove the existing extractor according to your firearm's manual.
- Install the EGW 1911 Practical Extractor by aligning it properly with the extractor slot.
- Secure the extractor in place, ensuring it is fitted correctly to avoid misalignment.
- Doublecheck that all components are secure before reassembling the firearm.

### 2. Usage:

- After installation, test the extractor with dummy rounds to confirm proper function before live fire.
- Monitor the extractor's performance during use. Look for signs of wear or failure, such as failure to extract or eject cases.
- Maintain the extractor by regularly cleaning it according to the manufacturer's recommendations.

## Disposal Instructions

- Dispose of the extractor responsibly when it is no longer needed or if it is damaged beyond repair.
- Follow local regulations for the disposal of firearm components and materials.
- Ensure that the extractor is rendered unusable before disposal to prevent misuse.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the EGW 1911 Practical Extractor, please refer to the manufacturer's contact information provided with your product packaging.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your EGW 1911 Practical Extractor. Always prioritize safety and responsible firearm handling.
