

SIG P320 FULL SIZE VERSION 1 SLIDES - GREY GHOST PRECISION

SIG P320 FULL SIZE SLIDE V1 GREY

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

NEW SLIDE, NEW PLATFORM! The adoption of the P320® platform by the U.S. Military, as well as many Law Enforcement agencies, professional lead farmers, competition shooters, and firearm instructors led to the development of a new line of GGP aftermarket slides. After all, the P320's ability to be custom tailored to the individual user's preferences in grip length, grip size, as well as slide length and sight radius are all highly desirable features. Why stop there, when you can have even more customization options when upgrading to a drop-in GGP320 slide. Just like their GGP17/19 and SPG43 slides, these GGP320 slides offers enhanced aesthetic features, increased grip serrations and an improved coating without compromising function. GGP also took their hybrid MRDS optic cut and added a third option, the SIG ROMEO1. Now you have the option to use a ROMEO1 as well as a Trijicon RMR or Leupold DeltaPoint Pro right out of the box without using bulky adapter plates that only raise the optic further above the bore axis. Available is Grey or Black DLC finish for corrosive and abrasion resistance. The GGP320 is a drop-in install that comes with all the enhancements that professional handgun shooters have come to expect from Grey Ghost Precision. FEATURES: Stripped slide machined from 416 Stainless Steel for tighter-than-factory-tolerances Available is Black and Grey DLC (Diamond Like Coating) or FDE Cerakote Optic cut compatible with Leupold DPP, Trijicon RMR and SIG Romeo1 with supplied screws and shim plates Includes G10 Cover Plate when not running an optic Version 1 Slide Pattern with tapered depth serrations for varying aggressiveness from top to bottom Compatible with SIG P320® Full-Size Optics not included Completion parts not included Please Note : All sights should be installed by a gunsmith "SIG" and "P320" are federally registered trademarks of Sig Sauer, Inc. and are two of many trademarks owned by Sig Sauer, Inc. Grey Ghost Precision is not affiliated with nor endorsed by Sig Sauer, Inc."

Safety Instruction Guide for SIG P320 Full Size Version 1 Slides

Introduction

Thank you for choosing the SIG P320 Full Size Version 1 Slide from Grey Ghost Precision. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that all safety instructions are followed to prevent accidents and injuries.
- Store the product in a secure location, out of reach of children and unauthorized users.
- Inspect the product regularly for any signs of damage or wear.
- Always treat the firearm as if it is loaded, even when you believe it is not.
- Use appropriate safety gear, such as eye and ear protection, when handling firearms.
- Report any unsafe products or incidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the SIG P320 Full Size Slide with compatible models as specified in the product details.
- Ensure that the firearm is unloaded before performing any installation or maintenance.
- Avoid using excessive force during installation to prevent damage to the slide or the firearm.
- Follow all local laws and regulations regarding the use and modification of firearms.
- Be aware of your surroundings and ensure that you are in a safe environment when handling your firearm.
- If you are unsure about any aspect of installation or usage, consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and components for installation.

2. Installation Steps:

- Remove the existing slide from the SIG P320 by following the manufacturer's instructions.
- Align the new SIG P320 Full Size Slide with the frame of the firearm.
- Gently slide the new slide onto the frame until it is securely in place.
- Ensure that all components are properly seated and that there is no movement in the slide.

3. PostInstallation Checks:

- After installation, perform a function check to ensure that the slide operates correctly.
- Check that the optic cut is compatible with your chosen optics (Leupold DPP, Trijicon RMR, or SIG Romeo1).
- Install the G10 Cover Plate if not using an optic.

4. Usage:

- Always follow safe handling practices when using your firearm.

- Regularly clean and maintain the slide to ensure optimal performance and longevity.
- Store the firearm in a secure location when not in use.

Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If the product is damaged beyond repair, dispose of it in a manner that prevents misuse.
- Follow local laws for the disposal of firearm components.

Contact Information for Further Support

For any questions or concerns regarding the SIG P320 Full Size Slide, please consult with a qualified gunsmith or reach out to the manufacturer for assistance.

By adhering to these safety guidelines and instructions, you can ensure a safer and more enjoyable experience with your SIG P320 Full Size Version 1 Slide. Thank you for your attention to safety.
