

AXIOM SIG P365 SLIDE - TRUE PRECISION AXIOM SIG P365, 9MM, GREY PVD

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

True Precision's Axiom Sig P365 slides are 100% designed and manufactured in the USA. Machined from a solid billet of 17-4ph Certified Stainless Steel. The Axiom P365 side is cut for the Shield RMSc optics and others with similar footprint like the Sig Romeo Zero and the Holosun 507K. The Axiom P365 slide includes a anodized cover plate to use if you choose to not use an optic. Attractive side cut window and an aggressively reduced and scalloped front with angled rear serrations gives the Axiom a unique look. Available with Black DLC or a Grey PVD finish.

AXIOM SIG P365 SLIDE TRUE PRECISION Safety Instruction Guide

Introduction

Thank you for choosing the AXIOM SIG P365 Slide from True Precision. This safety instruction guide is designed to provide you with essential information on the safe use, installation, and disposal of your product. Please read this guide carefully to ensure proper handling and to maximize your safety.

General Safety Guidelines

- Ensure that you are familiar with all local laws and regulations regarding firearms and firearm accessories before using this product.
- Always handle your firearm and its components with care, treating every firearm as if it is loaded.
- Keep the AXIOM SIG P365 Slide out of reach of children and unauthorized users.
- Regularly inspect the slide for signs of wear or damage before use.
- Avoid using the product in conditions that may compromise safety, such as extreme temperatures or wet environments.
- Report any unsafe products or incidents to the relevant authorities immediately.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or handling the slide.
- Use only compatible optics as specified in the product description to avoid malfunction or damage.
- When installing the slide, follow the manufacturer's instructions meticulously to prevent accidents.
- Do not modify the slide or its components, as this may compromise safety and functionality.
- If you experience any malfunctions or operational issues, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Unloading the Firearm:

- Ensure the firearm is completely unloaded, including checking the chamber and magazine.

2. Remove the Existing Slide:

- Follow the manufacturer's instructions to safely remove the existing slide from the frame.

3. Install the Axiom Slide:

- Align the Axiom SIG P365 Slide with the frame.
- Gently slide it into place until it locks securely.

4. Optics Installation (if applicable):

- If using an optic, ensure it is compatible and securely mounted according to the optic's installation instructions.

5. Final Checks:

- Perform a function check to ensure the slide operates correctly before use.

Usage

- Always wear appropriate safety gear, including eye and ear protection, when using the firearm.
- Follow all standard safety protocols for handling firearms.
- Ensure that you are in a safe and controlled environment when firing your weapon.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearms and firearm accessories.
- If the product is damaged or no longer functional, consider returning it to the manufacturer or a qualified disposal service.
- Do not dispose of the slide in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's website or contact their customer service for assistance. Always ensure that you have the most up-to-date information regarding your product.

By following these safety guidelines and instructions, you can help ensure a safe and enjoyable experience with your AXIOM SIG P365 Slide. Thank you for prioritizing safety.
