

# DAKA TAKEOUT POUCH - MAGPUL DAKA TAKEOUT KIT BAG BLACK

[Emergency & Survival Gear](#) > [Backpacks & Bags](#) > [Pouches](#)

The DAKA Takeout is a durable, weather resistant, 3.5-liter kit bag that's perfect for almost every indoor and outdoor activity you can think of. Value-priced under \$30, the Takeout is the perfect option whether you're headed to the range, organizing your gear room, storing things on your boat, storing or transporting tools, or even picking up brass. Like all our DAKA products, the Takeout is made from polymer-infused textiles that are RF welded on every seam. It also incorporates our famous water-resistant YKK Aqua Guard zipper to ensure security. The construction methods and materials used in the DAKA line mean that these pouches are at home in a variety of hard-use applications, yet they're stylish enough to be front and center in your vehicle or office. Easily access your gear through the full-length water repellent zipper and, for larger items, release the two quick release buckles for a taller and wider opening. Both buckles also double as handles for easy transportation. In the event you want to securely hang the Takeout, simply release one of the quick-release buckles, loop it around the object, and reattach. These water-resistant pouches will keep your items dry in most wet environments, making them a great choice for most outdoor adventures. Made of reinforced polymer fabric with anti-slip texture for secure handling Strong RF welded construction that creates permanent, impenetrable seals Chemical resistant and non-hygroscopic YKK Aqua Guard water repellent zipper 550 paracord with heat shrink tubing for enhanced grip, even with gloves Expandable opening to accommodate larger or taller items Two quick-release buckles double as handles and attachment points

## Attributes

# DAKA Takeout Pouch Safety Instruction Guide

## Introduction

Thank you for choosing the DAKA Takeout Pouch by MAGPUL. This guide provides essential safety instructions to ensure the safe use of your kit bag. Please read this document carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always inspect the pouch for any signs of damage before use. Do not use if damaged.
- Keep the pouch out of reach of children to prevent accidental injury or misuse.
- Avoid using the pouch in environments that exceed its temperature limits or expose it to harsh chemicals.
- When transporting tools or heavy items, ensure that the weight is evenly distributed to prevent strain or damage.
- Regularly check the zipper and buckles for proper functioning. Replace if any components are worn or damaged.

## Specific Safety Precautions for Use

- **Chemical Resistance:** While the pouch is designed to resist chemicals, always avoid storing corrosive substances that could damage the material.
- **Water Resistance:** The pouch is waterresistant, but it is not waterproof. Do not submerge in water or expose to heavy rain for extended periods.
- **QuickRelease Buckles:** Use caution when handling the quickrelease buckles. Ensure fingers are clear of the buckle area when releasing to avoid pinching.
- **Weight Limits:** Do not exceed the recommended weight capacity of the pouch. Overloading can lead to structural failure.
- **Transportation:** When using the pouch as a carry bag, ensure that the handles are secure and that you have a firm grip.

## Instructions for Installation and Usage

### 1. Initial Setup:

- Unpack the pouch and inspect for any visible damage.
- Familiarize yourself with the features, including the zipper, buckles, and carrying handles.

### 2. Filling the Pouch:

- Open the pouch using the fulllength waterrepellent zipper.
- Place items inside, ensuring they are organized and not exceeding the weight limit.
- For larger items, release the two quickrelease buckles to create a taller and wider opening.

### 3. Sealing the Pouch:

- Once items are securely placed inside, close the zipper completely to maintain water resistance.
- Ensure that the quickrelease buckles are fastened if you are using them for extra security.

### 4. Carrying the Pouch:

- Use the handles for easy transportation. If using as a hanging pouch, loop one of the quickrelease buckles around a secure object and reattach.

## 5. **Cleaning:**

- Wipe down the exterior with a damp cloth to remove dirt or debris.
- Avoid using harsh chemicals or abrasive materials that could damage the fabric.

## **Disposal Instructions**

- When the pouch has reached the end of its lifecycle or is no longer usable, dispose of it responsibly.
- Check local regulations for the disposal of polymer materials.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the DAKA Takeout Pouch, please refer to the manufacturer's contact details provided with the product packaging.

Thank you for ensuring your safety and the longevity of your DAKA Takeout Pouch by following these guidelines. Enjoy your outdoor adventures!
