CRF RANGEMASTER 3500.COM RANGEFINDER

Safety Instruction Guide

Introduction

Thank you for choosing the CRF RANGEMASTER 3500.COM RANGEFINDER. This guide provides essential safety instructions to ensure the safe and effective use of your rangefinder. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Always use the rangefinder in accordance with the manufacturer's instructions.
- Ensure that the rangefinder is suitable for your intended use, particularly in challenging weather conditions.
- Keep the rangefinder out of reach of children and vulnerable individuals to prevent accidents.
- Regularly check the device for any signs of damage or malfunction.
- Be aware of your surroundings and ensure that you are in a safe environment when using the rangefinder.
- Follow all local laws and regulations regarding the use of rangefinders.

Specific Safety Precautions for Use

- Do not point the rangefinder directly at the sun or any other intense light source, as this may damage the device and your eyesight.
- Avoid using the rangefinder in extreme temperatures or adverse weather conditions unless specified as safe by the manufacturer.
- When using the rangefinder, ensure that the target area is clear of people and animals to prevent accidents.
- Do not attempt to disassemble or repair the rangefinder yourself. Contact a qualified technician for repairs.
- If you experience any issues with the rangefinder, discontinue use immediately and consult the manufacturer or an authorized dealer.

Instructions for Installation and Usage

1. Unpacking the Device

- Carefully remove the rangefinder from its packaging.
- Ensure that all components are included, such as the battery and user manual.

2. Installing the Battery

- Open the battery compartment as directed in the user manual.
- Insert the CR2 battery, ensuring correct polarity.
- Close the battery compartment securely.

3. Connecting to the Leica Hunting App

- Download the Leica Hunting app from your device's app store.
- Follow the app instructions to create your individual ballistics profile.
- Ensure that Bluetooth is enabled on your device for proper connectivity.

4. Using the Rangefinder

- Power on the rangefinder using the designated button.
- Aim the device at the target and press the measurement button to obtain the range.
- Review the displayed distance on the screen.

5. Using with Kestrel Elite

- If using the Kestrel Elite weather meter, follow the connection instructions in the user manual for enhanced functionality.

6. Using with Apple Watch

- Connect the rangefinder to your Apple Watch for silent data transmission.
- Follow the instructions in the user manual for setup and usage.

Disposal Instructions

- Dispose of the rangefinder and its components in accordance with local regulations.
- Do not dispose of batteries in regular household waste. Follow local guidelines for battery disposal or recycling.
- If the rangefinder is no longer functioning, consider returning it to the manufacturer or authorized dealer for proper disposal.

Contact Information for Further Support

For any inquiries about safety or product support, please refer to the manufacturer's contact details provided in the product packaging or user manual.

By following these safety guidelines, you can ensure a safe and enjoyable experience with your CRF RANGEMASTER 3500.COM RANGEFINDER. Always prioritize safety and compliance with local regulations when using your device. Thank you for your attention to these important instructions.
