

MICRO T-2 SIGHT - AIMPOINT MICRO T-2 2 MOA RED DOT REFLEX SIGHT W/FAST MOUNT FDE

[Optics & Mounting](#) > [Electronic Sights](#) > [Red Dot Sights](#)

The all new Micro T-2 redefines everything you thought you knew about compact red dot sights. Instead of merely making improvements to an existing product, we started with a completely new design. Inside the completely new sight housing are advanced optical lenses that takes optical performance to a new level. Cutting edge lens coatings radically improve the shape and clarity of the 2 MOA red dot - especially when used with an accessory magnifier. Compare the Micro T-2 to any other compact optic. The competition doesn't even come close. Built to offer the same battle proven ruggedness as other Aimpoint products, the Micro T-2 is able to perform under extreme conditions while remaining user friendly. Advanced optical lenses for even better light transmission. Front Flip-up lens cover is included. Transparent rear Flip-up lens cover is included. Reinforced protection of the turrets for even greater ruggedness. Ideal for rifles, carbines, shotguns, submachine guns and handguns. 1X (non-magnifying) parallax free optic. Compatible will all generations of Night Vision Devices (NVD). 1 Off position, 4 night vision compatible settings and 8 daylight settings of which one extra bright for use with laser protection glasses or in bright desert sunlight. Integral Picatinny-style mount allows easy attachment to any rail. ACET technology allows 50,000 hours (over 5 years) of constant operation from one battery. Available in 2 MOA dot size. Submersible to 25 meters (80 feet). Use as a standalone sight or "piggybacked" on larger magnifying, thermal, or night vision optics.

Attributes

Safety Instruction Guide for Aimpoint Micro T2 Sight

Introduction

Thank you for choosing the Aimpoint Micro T2 2 MOA Red Dot Reflex Sight with Fast Mount in Flat Dark Earth. This guide provides essential safety instructions to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is as a sighting device for firearms.
- Always handle firearms and related equipment with care and in accordance with applicable laws.
- Store the sight in a secure location, out of reach of children and unauthorized users.
- Regularly check for any signs of damage or wear before use, and do not use if the sight is compromised.
- If you experience any issues or concerns regarding the product, cease use immediately and seek assistance.

Specific Safety Precautions for Use

- **Eye Safety:** Always use eye protection when using firearms equipped with the Micro T2 sight.
- **Environmental Conditions:** Avoid using the sight in extreme weather conditions (e.g., heavy rain, snow, or extreme heat) that may affect performance.
- **Mounting:** Ensure that the sight is securely mounted to the firearm's rail to prevent dislodgment during use.
- **Battery Safety:** Use only the recommended battery type. Ensure the battery compartment is securely closed to avoid exposure to moisture.
- **Maintenance:** Clean the lenses with a soft, lintfree cloth. Do not use abrasive materials or harsh chemicals that may damage the lens coatings.
- **Compatibility:** Ensure the sight is compatible with your firearm and any accessories (e.g., magnifiers) before use.

Instructions for Installation and Usage

Installation

1. **Select the Rail:** Choose a suitable Picatinny rail on your firearm for mounting the Micro T2 sight.
2. **Position the Sight:** Align the sight with the rail and slide it into place.
3. **Secure the Mount:** Tighten the mounting screws using the appropriate tool. Ensure the sight is firmly attached without overtightening.
4. **Check Alignment:** Confirm that the sight is aligned with the firearm's barrel for accurate aiming.

Usage

1. **Powering On/Off:** Use the designated switch to turn the sight on and off. Ensure the sight is off when not in use to conserve battery life.
2. **Adjusting Brightness:** Rotate the brightness adjustment knob to select the desired setting. There are 4 night vision compatible settings and 8 daylight settings.
3. **Zeroing the Sight:** Follow the manufacturer's instructions for zeroing the sight to ensure accurate targeting.
4. **Using with Magnifiers:** If using with an accessory magnifier, ensure the sight is correctly adjusted for optimal performance.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste.
- Remove the battery before disposal and dispose of it according to local battery recycling guidelines.
- Do not dispose of the sight in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the Aimpoint Micro T2 sight, please contact the manufacturer or your local authorized dealer.

Please remember to regularly check for updates on product safety and recalls through the EU's Safety Gate platform. Your safety and satisfaction are our top priorities. Thank you for your attention to these important guidelines.
