

# MICRO T-2 SIGHT - AIMPOINT MICRO T-2 2 MOA RED DOT REFLEX SIGHT W/1.93" MOUNT BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Red Dot Sights](#)

The all new Micro T-2 redefines everything you thought you knew about compact red dot sights. Instead of merely making improvements to an existing product, we started with a completely new design. Inside the completely new sight housing are advanced optical lenses that takes optical performance to a new level. Cutting edge lens coatings radically improve the shape and clarity of the 2 MOA red dot - especially when used with an accessory magnifier. Compare the Micro T-2 to any other compact optic. The competition doesn't even come close. Built to offer the same battle proven ruggedness as other Aimpoint products, the Micro T-2 is able to perform under extreme conditions while remaining user friendly. Advanced optical lenses for even better light transmission. Front Flip-up lens cover is included. Transparent rear Flip-up lens cover is included. Reinforced protection of the turrets for even greater ruggedness. Ideal for rifles, carbines, shotguns, submachine guns and handguns. 1X (non-magnifying) parallax free optic. Compatible will all generations of Night Vision Devices (NVD). 1 Off position, 4 night vision compatible settings and 8 daylight settings of which one extra bright for use with laser protection glasses or in bright desert sunlight. Integral Picatinny-style mount allows easy attachment to any rail. ACET technology allows 50,000 hours (over 5 years) of constant operation from one battery. Available in 2 MOA dot size. Submersible to 25 meters (80 feet). Use as a standalone sight or "piggybacked" on larger magnifying, thermal, or night vision optics.

## Attributes

# Safety Instruction Guide for Aimpoint Micro T2 Sight

## Introduction

Thank you for choosing the Aimpoint Micro T2 Sight. This guide provides important safety information and instructions for the safe use of your red dot reflex sight. Please read this guide carefully to ensure proper handling, usage, and maintenance of the product.

## General Safety Guidelines

- **Product Safety:** Ensure safe use by following all instructions provided in this guide. The Micro T2 is designed for nonfood use and complies with EU safety standards.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a notice, follow the instructions provided to return or remedy the product.
- **Online Shopping:** When purchasing online, ensure the seller adheres to safety requirements. Verify that the product is genuine and meets EU standards.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, including children. Store the product out of reach of children.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Stay updated on product safety through the EU's Safety Gate platform. Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Use in Appropriate Conditions:** The Micro T2 is designed for use in various weather conditions but should not be submerged beyond its rated submersion depth of 25 meters (80 feet).
- **Avoid Direct Eye Exposure:** Do not look directly into the sight while it is powered on, as this may cause eye discomfort.
- **Proper Handling:** Always handle the sight with care. Avoid dropping or subjecting it to severe impacts that may damage the internal components.
- **Battery Safety:** Use only the recommended battery type. Ensure the battery compartment is properly sealed to prevent moisture ingress.
- **Cleaning:** Use a soft, lintfree cloth for cleaning the lenses. Avoid using harsh chemicals or abrasive materials that may scratch the lens surfaces.
- **Mounting Safety:** Ensure that the sight is securely attached to the rail to prevent accidental dislodging during use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded and safe before installation.
- Attach the Micro T2 to the firearm's Picatinny rail using the integral mount provided.
- Tighten the mounting screws securely but do not overtorque them, as this may damage the sight or rail.
- Verify that the sight is level and aligned with the firearm's bore.

### 2. Powering On/Off:

- To power on, rotate the brightness adjustment knob to the desired setting. The sight will turn on automatically.

- To power off, turn the knob to the "Off" position.

### 3. **Adjusting Brightness:**

- The Micro T2 features 8 daylight settings and 4 night vision compatible settings. Adjust the brightness according to your environment.
- For use in bright sunlight, select the extra bright setting.

### 4. **Zeroing the Sight:**

- Once mounted, the sight should be zeroed to ensure accurate aiming. Follow the manufacturer's guidelines for zeroing procedures.

### 5. **Usage:**

- Aim through the sight and align the 2 MOA red dot with your target.
- Maintain a proper shooting stance and ensure that your firearm is pointed in a safe direction at all times.

## **Disposal Instructions**

- **Disposal of the Product:** When the Micro T2 is no longer usable, dispose of it in accordance with local regulations regarding electronic waste.
- **Battery Disposal:** Dispose of batteries in accordance with local regulations. Do not throw batteries in the household waste. Use designated recycling facilities.

## **Contact Information for Further Support**

For any questions or concerns regarding the Aimpoint Micro T2 Sight, please refer to the contact information provided by your retailer or manufacturer. They can assist you with safety inquiries, product support, and warranty information.

By following these safety instructions, you can ensure the safe and effective use of your Aimpoint Micro T2 Sight. Always prioritize safety and stay informed about best practices for handling and using your sight.
