

JUNIOR ULTRAMOUNTS - INLINE FABRICATION RCBS SUMMIT PRESS JUNIOR ULTRAMOUNT

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Super solid 3\16 steel construction, accessible lower storage tray and coated in beautiful black powdercoat are all features of this high quality piece of reloading equipment. Lifts your press up 9 3/4" to get that shellplate closer to your eyes. All InLine Fabrications Ultramount's are modular in design, so they lend themselves to fit any reloading press available today. So down the road, if you decide to change presses, or use one Ultramount for multiple presses, all you have to do is swap the top plate to the new press. Available (Here) The new top plates come powdercoated to match and include the required hardware to attach your new press. The Junior Ultramount is 12" wide, 11.5" deep and 7 1/2" tall.

Junior Ultramount Safety Instruction Guide

Introduction

Thank you for choosing the Junior Ultramount Inline Fabrication RCBS Summit Press. This product is designed to enhance your reloading experience with its robust construction and modular design. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the workspace clean and free from obstructions.
- Always wear appropriate safety gear, such as safety glasses and gloves, when operating the reloading press.
- Be aware of your surroundings and ensure that children and pets are kept at a safe distance when using the equipment.
- Regularly inspect the Junior Ultramount for any signs of wear or damage before use.
- If you notice any defects or malfunctions, discontinue use immediately and contact the manufacturer.

Specific Safety Precautions for Use

- The Junior Ultramount is designed to support a variety of reloading presses. Ensure that the press you are using is compatible with the Ultramount.
- Always secure the reloading press properly to the Ultramount using the provided hardware.
- Do not exceed the weight limit specified by the manufacturer for the reloading press being used.
- Avoid placing any items on the lower storage tray that could interfere with the operation of the press.
- Use caution when adjusting the height of the Ultramount to prevent pinching or injury.
- Do not modify the Ultramount in any way, as this may compromise safety and performance.

Instructions for Installation and Usage

1. Installation:

- Unpack the Junior Ultramount and ensure all components are included.
- Identify a suitable location for installation that is stable and free from hazards.
- Using the provided hardware, securely attach the reloading press to the top plate of the Ultramount.
- Ensure all screws and bolts are tightened properly before use.

2. Usage:

- Adjust the height of the Ultramount to your preference by following the manufacturer's instructions.
- Always check that the press is securely mounted and stable before beginning your reloading process.
- Follow the specific operating instructions for your reloading press to ensure safe and effective use.
- After use, store the Ultramount in a dry place and keep it free from dust and debris.

Disposal Instructions

- When the Junior Ultramount reaches the end of its life cycle, dispose of it in accordance with local regulations.
- If the product is damaged beyond repair, consider recycling the metal components where facilities are available.

- Do not dispose of the Ultramount in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Junior Ultramount, please reach out to the manufacturer or your local distributor. They will provide the necessary support and information.

Please remember to regularly check for updates regarding product safety and recalls through the EU Safety Gate platform. Your safety is our priority, and we appreciate your attention to these guidelines.
