

# KENTUCKY LONG PRECISION SERIES 2-12X44MM FFP ILLUMINATED RIFLE SC - SWAMPFOX OPTICS KENTUCKY LONG PRECISION 2-12X44MM FFP ILLUM. RECCE MIL BLACK

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

This precision riflescope series boasts first focal plane, glass etched illumination, and each scope in this series has a monster zoom ratio of 6x. Turrets are locking and zero re-settable. Includes includes high quality flip caps, 3" sun shade, and both low- and high-profile throw fins. You demand great glass, a smart FFP reticle, and adjustable parallax; but that's not enough. You want reticle illumination for low light situations and locking, zero-resettable target turrets. You want a ton of zoom- top magnification 6 times greater than the starting point. You'll get all that and even more when you step up to Kentucky Long. Illuminated first focal plane reticle Included high and low profile magnification lever Fast Focus Eyepiece Adjustable Parallax from 10 yards to infinity 120 MOA/34 MIL of total internal adjustment Locking Turrets Includes short and tall magnification throw fins, flip up lens caps, scope cloth, and 3" Sunshade.

# Kentucky Long Precision Series 212X44mm FFP Illuminated Rifle Scope Safety Instructions

## Introduction

Thank you for choosing the Kentucky Long Precision Series 212X44mm FFP Illuminated Rifle Scope. This guide provides essential safety instructions to ensure the safe use and handling of your riflescope. By following these guidelines, you can maximize your experience while minimizing risks associated with the use of this product.

## General Safety Guidelines

- Ensure safe use of the riflescope by following all provided instructions.
- Always treat the riflescope as if it is loaded and handle it with care.
- Be aware of your surroundings and ensure a clear line of sight when using the scope.
- Store the riflescope in a secure place, out of reach of children and unauthorized users.
- Regularly inspect the riflescope for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed.

## Specific Safety Precautions for Use

- Always use the riflescope in accordance with local laws and regulations.
- Do not modify the riflescope in any way, as this may compromise its safety and performance.
- Ensure that the riflescope is properly mounted and secured to the firearm before use.
- Avoid using the riflescope in extreme weather conditions that may affect its performance.
- Be cautious when adjusting the turrets and settings to prevent accidental misalignment.
- Use the illumination feature responsibly, especially in lowlight situations, to avoid distractions.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded before installing the riflescope.
- Follow the manufacturer's instructions for mounting the riflescope securely to your firearm.
- Use appropriate tools to tighten the mounting rings and ensure a stable fit.
- Check that the riflescope is level and aligned with the barrel of the firearm.

### 2. Usage:

- Adjust the eyepiece for optimal focus before looking through the scope.
- Set the magnification according to your shooting needs, starting from the lowest setting.
- Use the adjustable parallax feature to ensure clarity at various distances.
- Engage the locking turrets to maintain your zero after making adjustments.
- If using the illumination feature, select the appropriate brightness level for the conditions.

## Disposal Instructions

- Dispose of the riflescope in accordance with local regulations for electronic waste.
- Remove the battery (CR2032) before disposal, and dispose of it separately in a battery recycling facility.
- Do not dispose of the riflescope in regular household waste.
