

3-DIE ROLL CRIMP DIE SETS - RCBS 350 LEGEND 3-DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The RCBS 3-Die Roll Crimp Set is for loading straight-wall cartridges. Its steel Sizer Die sizes the case and de-primers. Note: Cases must be lubricated. The Expander Die expands the case to the proper diameter to accept the bullet, and it imparts case mouth flare/bell for bullet feeding. The Seater Die seats the bullet and roll crimps. Includes: Full Length Sizer Die Expander Die Roll Crimp Seater Die

Safety Instruction Guide for RCBS 3DIE ROLL CRIMP DIE SETS

Introduction

Thank you for choosing the RCBS 3Die Roll Crimp Set for your reloading needs. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the die set.

General Safety Guidelines

- Ensure that all components are in good condition before use.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the workspace clean and organized to prevent accidents.
- Store the die set in a secure location, out of reach of children and pets.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- **Lubrication Requirement:** Always lubricate cases before sizing to prevent stuck cases and damage to the die.
- **Proper Handling:** Handle all components of the die set with care to avoid injury or damage.
- **Bullet and Powder Safety:** Use only compatible bullets and powders specified for the 350 Legend cartridge.
- **Avoid Overloading:** Do not exceed recommended load specifications to prevent dangerous malfunctions.
- **Inspect for Damage:** Regularly check the dies for any signs of wear or damage. Do not use damaged components.

Instructions for Installation and Usage

1. Setup:

- Securely mount the die set in a reloading press according to the manufacturer's instructions.
- Ensure that the press is stable and properly adjusted for the die set.

2. Using the Sizer Die:

- Insert a lubricated case into the sizer die.
- Operate the press to size the case and deprime it.

3. Using the Expander Die:

- After sizing, place the case in the expander die.
- Operate the press to expand the case to the proper diameter and create a flare at the mouth for bullet seating.

4. Using the Seater Die:

- Position the expanded case in the seater die.
- Insert a bullet into the case mouth, then operate the press to seat the bullet and apply a roll crimp.

5. Final Inspection:

- Inspect each round to ensure proper seating and crimping before storage or use.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local waste disposal regulations.
- Do not dispose of any materials in a manner that could pose a risk to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the RCBS 3Die Roll Crimp Set, please refer to the manufacturer's website or contact the support service provided with your product.

Thank you for prioritizing safety and compliance while using the RCBS 3Die Roll Crimp Set. Enjoy your reloading experience responsibly!
