# RCBS Case Preparation Kit Safety Instructions

## Introduction

Welcome to the RCBS Case Preparation Kit. This kit is designed for handloaders who seek a comprehensive solution for preparing brass. While this product is safe when used correctly, it is essential to follow the safety guidelines outlined in this manual to ensure a safe and effective experience.

## General Safety Guidelines

- Always read the entire manual before using the product.
- Keep the kit out of reach of children and pets.
- Inspect all tools and components before use for any signs of damage or wear.
- Use the kit only for its intended purpose.
- Wear appropriate safety gear, such as safety glasses and gloves, to protect yourself from debris and sharp edges.
- Ensure your workspace is clean, organized, and free from hazards.
- Follow all local regulations regarding the use of reloading equipment and components.

## Specific Safety Precautions for Use

- **Manual Case Trimmer:**
  - Always keep hands clear of the cutting area while operating the trimmer.
  - Use the manual case trimmer only on brass cases; do not attempt to trim other materials.
- **Hand Priming Tool:**
  - Ensure the tool is properly assembled before use.
  - Do not exceed the recommended pressure when seating primers.
- **Case Slick Spray Lube:**
  - Use in a well-ventilated area to avoid inhalation of fumes.
  - Avoid contact with eyes and skin; wash hands after use.
- **Brass Boss Universal Case Loading Block:**
  - Ensure the block is stable and secure on the work surface to prevent tipping.
- **Stainless Steel Calipers:**
  - Handle with care to avoid damage; do not drop or expose to extreme conditions.

## Instructions for Installation and Usage

### 1. Setting Up the Kit:

- Unpack all components from the kit and verify that all items are present.
- Refer to the manual for specific assembly instructions for each tool.

### 2. Using the Manual Case Trimmer:

- Insert the brass case into the trimmer.

- Adjust the cutting depth as needed.
- Rotate the handle to trim the case to the desired length.

### **3. Using the Hand Priming Tool:**

- Load the primer tray with the appropriate primers.
- Insert the brass case into the priming tool.
- Press the handle to seat the primer securely in the case.

### **4. Applying Case Slick Spray Lube:**

- Shake the canister well before use.
- Spray a light coat onto the brass cases, ensuring even coverage.
- Allow the lube to dry before loading the cases into the press.

### **5. Measuring with Stainless Steel Calipers:**

- Open the calipers and place the brass case between the jaws.
- Close the jaws gently to measure the case dimensions.
- Read and record the measurement from the caliper scale.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw the product in regular household waste.
- Consider recycling options for metal and plastic components when possible.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the RCBS Case Preparation Kit, please refer to the product packaging for contact details of the manufacturer or visit the manufacturer's website for additional support and resources.

By following these safety instructions, you can ensure a safe and successful reloading experience with your RCBS Case Preparation Kit. Thank you for choosing our product, and happy handloading!
