# ARES ETR 110X24MM FFP ILLUMINATED RIFLE SCOPE Safety Instructions

## Introduction

Thank you for choosing the ARES ETR 110X24MM FFP Illuminated Rifle Scope. This guide provides essential safety instructions to ensure the safe use and maintenance of your rifle scope. Please read and understand these guidelines before using the product.

## General Safety Guidelines

- Ensure that the rifle scope is used only for its intended purpose, which is longrange shooting.
- Always handle the rifle scope with care to avoid damage.
- Store the rifle scope in a secure location, away from children and unauthorized users.
- Regularly inspect the scope for any signs of damage or wear before use.
- Follow all local laws and regulations regarding firearm and scope use.
- Be aware of your surroundings and ensure a safe shooting environment.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not look directly at the sun through the scope, as it may cause permanent eye damage.
- Ensure the rifle is unloaded when attaching or detaching the scope.
- Use the scope only when properly mounted on a compatible firearm.
- Maintain a safe distance from others while using the rifle scope.
- Avoid using the scope in adverse weather conditions that may impair visibility or safety.
- Use the illuminated reticle responsibly; do not rely solely on it in lowlight conditions.

## Instructions for Installation and Usage

### Installation

1. **Unbox the Scope:** Carefully remove the scope from its packaging, ensuring that all components are present.
2. **Mounting the Scope:**
  - Select a compatible mount for your rifle.
  - Attach the scope to the mount securely, following the manufacturer's instructions.
  - Ensure that the scope is aligned properly with the rifle barrel.
3. **Setting Up the Reticle:**
  - Insert the battery (CR2032) into the illuminated reticle compartment, ensuring correct polarity.
  - Adjust the brightness of the reticle as needed using the provided controls.
4. **Zeroing the Scope:**
  - Follow the instructions for zeroing the scope to ensure accurate shooting.
  - Make adjustments to the windage and elevation turrets as necessary.

### Usage

- **Focusing:** Adjust the eyepiece for proper focus before shooting.
- **Magnification:** Use the magnification settings to suit your shooting distance. The scope allows for a

range from 1x to 10x magnification.

- **Illumination:** Activate the illuminated reticle when needed, especially in lowlight conditions.
- **PostShooting Care:** After use, clean the lens with a soft cloth and store the scope in a protective case.

## Disposal Instructions

- Dispose of the rifle scope in accordance with local regulations.
- Remove the battery and dispose of it separately, following battery disposal guidelines.
- Do not dispose of the scope in household waste.

## Contact Information for Further Support

For any further inquiries or support regarding the ARES ETR 110X24MM FFP Illuminated Rifle Scope, please refer to the appropriate contact channels provided by the manufacturer.

By following these safety instructions, you can ensure a safe and enjoyable experience with your ARES ETR rifle scope. Thank you for your attention to safety.
