# **ARES ETR 318X50MM FFP ILLUMINATED RIFLE SCOPE SAFETY INSTRUCTIONS**

## **Introduction**

Thank you for choosing the ARES ETR 318X50MM FFP Illuminated Rifle Scope. This guide provides essential safety instructions to ensure the safe and effective use of your rifle scope in compliance with the EU General Product Safety Regulation (GPSR). Please read this manual carefully before use.

## **General Safety Guidelines**

- Ensure that the rifle scope is used only for its intended purpose.
- Always handle the rifle scope with care to avoid damage.
- Keep the rifle scope out of reach of children and vulnerable individuals.
- Regularly inspect the rifle scope for any signs of damage or wear.
- If the rifle scope is damaged, discontinue use immediately and seek assistance.
- Be aware of your surroundings when using the rifle scope to avoid accidents.
- Follow all local laws and regulations regarding the use of firearms and optics.

## **Specific Safety Precautions for Use**

- Do not look directly at the sun through the rifle scope; this can cause serious eye damage.
- Ensure the rifle is pointed in a safe direction at all times when mounting or adjusting the scope.
- Use the rifle scope only in appropriate weather conditions to avoid slipping or loss of control.
- Do not attempt to disassemble or modify the rifle scope; this may void warranties and pose safety risks.
- Always ensure that the scope is securely mounted before use.

## **Instructions for Installation and Usage**

### **Installation**

#### **1. Mounting the Scope:**

- Select a suitable mounting base for your rifle.
- Align the scope with the mounting base and secure it using the provided rings and screws.
- Ensure that the scope is level and properly aligned with the rifle barrel.

#### **2. Adjusting the Turrets:**

- Familiarize yourself with the locking windage turret and travelperrotation turrets.
- Adjust the turrets according to your shooting needs, ensuring the true zero stop is correctly set.

#### **3. Battery Installation:**

- Open the battery compartment and insert a CR2032 battery, ensuring the correct polarity.
- Close the compartment securely.

### **Usage**

#### **1. Adjusting the Magnification:**

- Rotate the magnification ring to set the desired level of zoom, from 3x to 18x.

## **2. Using the Illuminated Reticle:**

- Activate the illumination feature to enhance visibility in lowlight conditions.
- Adjust the brightness of the reticle according to your preference.

## **3. Eye Relief:**

- Maintain an eye relief distance of 3.70 inches to ensure comfort and safety while aiming.

## **4. Focusing:**

- Use the parallax adjustment to achieve a clear image at varying distances.

## **Disposal Instructions**

- Dispose of the rifle scope in accordance with local regulations for electronic waste.
- Remove the battery before disposal and recycle it according to local battery recycling programs.

## **Contact Information for Further Support**

For any inquiries regarding safety or performance, please contact the manufacturer's customer support.

By following these guidelines, you can ensure safe and effective use of your ARES ETR 318X50MM FFP Illuminated Rifle Scope. Always prioritize safety and compliance with applicable laws. Thank you for your attention.
