# ARES ETR 318X50MM FFP ILLUMINATED RIFLE SCOPE SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the ARES ETR 318X50MM FFP Illuminated Rifle Scope by Athlon Optics. This guide provides essential safety instructions to ensure the safe and effective use of your rifle scope. Please read this document carefully before using the product.

## General Safety Guidelines

- Always treat your rifle scope as if it is loaded.
- Ensure that you are in a safe environment when handling or using the rifle scope.
- Do not point the rifle scope at anything you do not intend to shoot.
- Keep the rifle scope out of reach of children and unauthorized users.
- Regularly inspect the rifle scope for any signs of damage or wear.
- Familiarize yourself with local laws and regulations regarding the use of rifle scopes and firearms.

## Specific Safety Precautions for Use

- **Avoid Eye Injury:** Always use proper eye protection when using the rifle scope. The eye relief is 3.74 inches; ensure your eye is positioned correctly to avoid injury.
- **Handling:** When adjusting the windage and elevation turrets, do so gently to prevent damage to the internal mechanisms.
- **Illumination Caution:** The illuminated reticle can be bright; avoid looking directly into the scope when the illumination is activated.
- **Battery Safety:** Use only the specified CR2032 battery. Improper battery handling can lead to leaks or explosions.
- **Environmental Considerations:** Do not expose the rifle scope to extreme temperatures, moisture, or direct sunlight for extended periods.

## Instructions for Installation and Usage

### 1. Mounting the Scope:

- Choose a suitable mounting base compatible with the 34mm tube size of the rifle scope.
- Securely attach the scope to the rifle using the provided mounting rings.
- Ensure that the scope is level and aligned with the rifle barrel.

### 2. Adjusting the Scope:

- To adjust the windage and elevation, use the locking turrets. Turn the turrets gently to make adjustments.
- For true zero stop functionality, ensure that the turret is set to the zero position after making adjustments.

### 3. Using the Reticle:

- The APRS6 MIL reticle is designed for precision shooting. Familiarize yourself with its markings before use.
- Adjust the illumination level as needed using the control located on the scope.

### 4. Maintenance:

- Clean the lenses using a soft, lintfree cloth. Avoid using harsh chemicals or abrasive materials.
- Store the rifle scope in a cool, dry place when not in use to prevent damage.

## **Disposal Instructions**

- When disposing of the rifle scope or its components, follow local regulations for electronic waste and hazardous materials.
- Remove the battery before disposal and recycle it according to local guidelines.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product support, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for choosing the ARES ETR 318X50MM FFP Illuminated Rifle Scope. Your safety and satisfaction are our top priorities.
