

# MIDAS TAC HD 5-25X56MM FFP RIFLE SCOPE - MIDAS TAC HD 5-25X56MM FFP APRS6 MIL RETICLE BLACK

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The big brother in the Midas TAC family, this 5-25×56 first focal plane Long Range Scope gives you even more versatility. A minimum parallax of 25 yards and 32 Mils of elevation travel makes this scope perfect for close range rimfire or long range engagement with standard and magnum calibers. HD glass and advanced Fully Multi-Coated lenses enhance target appearance at all distances. A true precision Zero Stop for a repeatable return to zero and a capped windage turret give confidence you'll be able to make the shot.

## Attributes

# MIDAS TAC HD 525X56MM FFP RIFLE SCOPE

## SAFETY INSTRUCTIONS

### Introduction

Thank you for choosing the MIDAS TAC HD 525X56MM FFP Rifle Scope. This guide provides essential safety instructions to ensure the safe and effective use of your new rifle scope. Please read this manual carefully before installation and usage.

### General Safety Guidelines

- Always use the rifle scope in accordance with the manufacturer's instructions.
- Ensure the rifle scope is mounted securely to avoid accidents during use.
- Handle the scope with care to prevent damage to the lenses and internal components.
- Keep the rifle scope out of reach of children and vulnerable individuals.
- Regularly inspect the scope for any signs of wear or damage.
- Do not modify or disassemble the rifle scope, as this may compromise safety and functionality.
- Store the rifle scope in a cool, dry place when not in use to prevent moisture damage.

### Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before attaching or detaching the scope.
- Always point the firearm in a safe direction when using the scope.
- Use appropriate eye protection while shooting.
- Be aware of your surroundings and ensure a clear line of sight before taking a shot.
- Do not use the scope if it is damaged or malfunctioning.
- Follow all local laws and regulations regarding firearms and their accessories.

### Instructions for Installation and Usage

#### Installation

##### 1. Mounting the Scope:

- Select a suitable mounting base for your rifle.
- Securely attach the scope rings to the mounting base.
- Carefully place the rifle scope into the rings and tighten them evenly to avoid misalignment.
- Ensure the scope is level and aligned with the barrel.

##### 2. Setting the Parallax:

- Adjust the parallax setting to the appropriate distance for your shooting range.
- The minimum parallax for this scope is 25 yards.

##### 3. Zeroing the Scope:

- Use a stable shooting rest to zero the scope.
- Fire a group of shots at a target and adjust the windage and elevation turrets as needed to align the point of impact with the point of aim.

#### Usage

- **Magnification Adjustment:**

- Rotate the magnification ring to set the desired level of zoom from 5x to 25x.
- **Using the Reticle:**
  - Familiarize yourself with the APRS6 MIL reticle for accurate targeting.
  - Use the reticle to estimate distances and make necessary adjustments for windage and elevation.
- **Maintaining the Scope:**
  - Regularly clean the lenses with a soft, lintfree cloth.
  - Avoid using harsh chemicals or abrasive materials that may damage the lens coatings.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations concerning electronic waste.
- Do not dispose of the product in regular household waste.
- Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the MIDAS TAC HD 525X56MM FFP Rifle Scope, please refer to the contact information provided by the retailer or manufacturer.

Thank you for prioritizing safety and responsible use of your rifle scope. Enjoy your shooting experience!
