

MIDAS TSP1 1X21MM PRISM SIGHT - MIDAS TSP1 1X21MM TSP1 RED RETICLE BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Red Dot Sights](#)

The Athlon TSP1 prism scope gives you great versatility. This device is equipped with a prism for a crisp, vivid image. The prism-based design allows for a more compact scope without sacrificing optical quality. The Midas TSP1 features the ability to toggle between both Red and Green illumination. Forget to turn it on? Batteries run dead? No worries, this etched reticle is visible even without a battery installed. The Athlon prism red dots are nitrogen-filled, fog proof and shock proof, allowing for reliable use in a wide range of environments. The reticles are etched directly on the glass to make sure you have consistent point-of-aim at all times. Whether you have the illumination on or off, the reticle is always visible. Midas TSP1 Model has an TSP1 reticle in it.

MIDAS TSP1 Prism Sight Safety Instructions

Introduction

Thank you for choosing the MIDAS TSP1 1X21MM Prism Sight. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use your prism sight safely and effectively.

General Safety Guidelines

- Always handle the sight with care to avoid damage or injury.
- Ensure that the sight is used only for its intended purpose.
- Keep the sight out of reach of children and vulnerable individuals.
- Regularly check the sight for any signs of wear or damage.
- Do not use the sight if it is damaged or malfunctioning.
- Follow all local laws and regulations regarding the use of optical sights.

Specific Safety Precautions for Use

- Use the sight only in appropriate environments. Avoid extreme temperatures and humidity.
- Be cautious when switching between Red and Green illumination to avoid eye strain.
- Ensure the sight is properly mounted before use to prevent accidents.
- Do not look directly at the sun through the prism sight, as this can cause severe eye damage.
- Always verify the target and surroundings before taking a shot.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before installing the sight.
- Securely mount the sight onto the firearm using the provided mounting hardware.
- Tighten the screws to ensure that the sight is stable and does not shift during use.

2. Power Supply:

- Insert (1) AAA battery into the sight for illumination.
- Ensure the battery is installed correctly, following the polarity indicators.

3. Using the Sight:

- Toggle between Red and Green illumination using the designated switch.
- Adjust the reticle brightness according to your preference and lighting conditions.
- To turn off the illumination, simply switch it to the off position. The etched reticle remains visible without power.
- Always check the sight alignment before use to ensure accuracy.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Remove the battery before disposal and recycle it according to local battery recycling guidelines.
- Do not dispose of the product in household waste.

Contact Information for Further Support

For inquiries regarding safety or product issues, please contact the manufacturer or your local distributor. Ensure that you have the product details available for reference.

Thank you for prioritizing safety while using the MIDAS TSP1 Prism Sight. Enjoy your shooting experience responsibly!
