Safety Instruction Guide for the ADVANCED MICRO REFLEX SIGHT

Introduction

Thank you for choosing the ADVANCED MICRO REFLEX SIGHT. This guide provides essential safety instructions and information to ensure the safe use of your reflex sight. Please read this document carefully before use to maximize your safety and the performance of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the reflex sight for any damage before use.
- Keep the reflex sight out of reach of children and vulnerable individuals.
- Use the product in accordance with the manufacturer's instructions.
- Report any unsafe products or accidents to local authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Product Safety:** This reflex sight is designed for use with rifles and semiautomatic pistols. Ensure compatibility with your firearm before use.
- **Waterproof and Shockproof:** While the sight is waterproof and shockproof, avoid exposing it to extreme conditions unnecessarily.
- **Battery Safety:** Use only the specified battery (1 CR 2032 Lithium battery). Dispose of used batteries properly.
- **Avoid Direct Eye Exposure:** Do not look directly into the lens while the sight is powered on to prevent potential eye damage.
- **Secure Mounting:** Ensure that the sight is securely mounted to prevent it from loosening during use.

Instructions for Installation and Usage

Installation

1. **Select the Firearm:** Ensure that the firearm is unloaded and pointed in a safe direction.
2. **Attach the Sight:**
 - Use the included Picatinny adapter mount to securely attach the reflex sight to your firearm.
 - Follow the mount's instructions for proper installation.
3. **Check Alignment:** After mounting, check the alignment of the sight to ensure it is level and properly positioned.

Usage

1. **Powering On:** Insert the battery into the sight and power it on.
2. **Adjust Brightness:** Use the brightness settings to adjust the visibility of the 5 MOA dot reticle according to your environment.
3. **Zeroing the Sight:** Refer to your firearm's manual for instructions on zeroing the sight to ensure accuracy.
4. **Regular Maintenance:** Clean the optics with a soft cloth and lens cleaner to maintain clarity.

Disposal Instructions

- Dispose of the reflex sight and its components in accordance with local regulations.
- Do not dispose of batteries in regular household waste. Follow local battery disposal guidelines.

Contact Information for Further Support

For any inquiries or concerns regarding the ADVANCED MICRO REFLEX SIGHT, please contact the manufacturer directly. Ensure that you have the product information available to facilitate assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your ADVANCED MICRO REFLEX SIGHT. Thank you for your attention to safety.
