

# **BOLT-ACTION 284 CALIBER CARBON FIBER BARRELS - PROOF RESEARCH 284 CALIBER 8.4 TWIST 24" CARBON FIBER SENDERO BARREL**

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Your bolt-action barrel will arrive ready for thread and chamber by your gunsmith. Up to 64% lighter in comparison to traditional barrels, the crew of PROOF Research has done carbon barrels above and beyond all others with their neurotic pursuit of perfection. These carbon fiber barrels are 10 times stronger than steel by weight and nearly impervious to weather, nicks, dings or scratches. These carbon fiber-wrapped barrels provide a high end alternative to traditional barrels while still maintaining extreme accuracy, performance and durability. Match-grade accuracy Improved heat dissipation for cooler and longer lasting barrels No point-of-impact shift during high-volume fire Reduced harmonic barrel vibration

## **Attributes**

# BOLTACTION 284 CALIBER CARBON FIBER BARRELS PROOF RESEARCH Safety Instruction Guide

## Introduction

Thank you for choosing the BOLTACTION 284 CALIBER CARBON FIBER BARRELS from PROOF RESEARCH. This guide provides essential safety instructions to ensure the safe use and maintenance of your new barrel. Please read this document carefully and follow all guidelines to avoid potential hazards.

## General Safety Guidelines

- Ensure that all firearms are handled safely and responsibly.
- Always treat every firearm as if it is loaded.
- Store your barrel and firearm in a secure location, away from unauthorized access, especially by children.
- Regularly inspect your barrel for any signs of damage or wear.
- If you notice any irregularities, do not use the barrel until it has been inspected by a qualified gunsmith.
- Familiarize yourself with local laws and regulations regarding firearm usage and storage.
- Always use appropriate safety gear, including eye and ear protection, when using firearms.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Carbon fiber barrels are lighter and stronger than traditional barrels but may behave differently under extreme conditions.
- Overheating during prolonged firing sessions can affect performance.

### • Avoiding Hazards:

- Do not exceed recommended firing rates to prevent overheating.
- Ensure proper cleaning and maintenance to avoid barrel obstruction.
- Use only compatible ammunition specified for the 284 caliber.
- Ensure that all components of your firearm are in good condition prior to installation.

### • Age Specific Warnings:

- This product is intended for use by adults only. Keep it out of reach of children.

## Instructions for Installation and Usage

### • Installation:

- Ensure that the firearm is unloaded before beginning installation.
- Consult a qualified gunsmith for proper threading and chambering of the barrel.
- Follow the gunsmith's instructions carefully to ensure a secure and safe installation.

### • Usage:

- Always check the barrel for obstructions before firing.
- Use appropriate ammunition for the 284 caliber and ensure it is in good condition.
- Fire in a safe environment, ensuring that the area is clear of bystanders.

- Monitor the barrel for signs of overheating or wear during use.

## **Disposal Instructions**

- When the barrel reaches the end of its usable life, dispose of it in accordance with local regulations.
- Do not dispose of the barrel in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries related to safety or product support, please consult your local dealer or the manufacturer. It is important to have access to reliable information and assistance regarding your product.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your BOLTACTION 284 CALIBER CARBON FIBER BARRELS. Always prioritize safety and responsibility in all your firearmrelated activities.
